CONGRESS TO TAKE BEER BULL BY THE HORNS

PLAN TO PROHIBIT SALE OF BEER FOR MEDICAL PURPOSES

Will Also Close the Gates to Importation of
Liquor and Shut Down the Distilleries—
You May Still Get Wines if You Are Feel-
ing Real Bad—Say Beer is Not Medicine

(By The Associated Press)
WASHINGTON, April 25.—As the first step of the fight in congress to tighten up the Volstead prohibition enforcement law, a bill designed to prohibit the sale of beer to the sick on a doctor's prescription, was introduced in the house today by Chairman Volstead of the judiciary committee.

The measure would not prohibit use of wine for medicinal purposes, but would make more specific and stringent the regulations on this subject.

Mr. Volstead announced his bill, described as supplemental to the national prohibition act, was put forward to meet the situation created by the opinion of former Attorney General Palmer that beer and wine, under the Volstead act, could be prescribed for the ailing.

Tentative regulations announced last week by Prohibition Commissioner Kramer, an arbitrary limit of 4 1/2 gallons of beer and three gallons of wine was fixed as the maximum that might be prescribed by a physician at any one time.

Regardless of what D. H. Blair, new commissioner of internal revenue, may rule, Mr. Volstead indicated that the house prohibition forces were prepared to take the beer bull by the horns and let the world know that there will be no beer. The bill will be referred to Mr. Volstead's committee for hearing and modification. Members opposed to any modification of the dry law said tonight it probably would be reported to the house substantially as drawn.

After turning thumbs down on beer and putting extra safeguards around the medicinal use of wine, the new bill would close the gates to importation of liquor and shut down distilleries until the present stock of about 40,000,000 gallons now in bonded warehouses had been exhausted. Mr. Volstead declared there was no sense in allowing large quantities to be imported or manufactured while there was so much on hand.

The bill also would impose certain additional restrictions on the manufacture of alcoholic preparations, "masquerading" as medicine and tonics, which prohibition leaders assert are drinkable.

Power to Attorney General.
Still another tightening up section would meet the demand from some quarters that the attorney general should have a more direct share in enforcement of the law. As explained by Mr. Volstead, it requires that the attorney general shall have notice of all applications for permits to sell or manufacture liquor or alcoholic medicinal preparations and that public notices of the application shall be posted that the attorney general or any person who may have knowledge of any violations on the part of the applicant may object to the permit being granted.

The bill would give the attorney general power to cancel permits for the same reason that the commissioner of internal revenue, is authorized to cancel.

"The bill prohibits doctors from prescribing beer," Mr. Volstead said. "It is idle to argue that there is any real necessity for doctors everywhere deny that it has any value for that purpose besides, everything in beer except the alcohol can be had in the so-called beers without any prescription. Thirty eight states prohibit beer from being prescribed."

"The measure does not prohibit the use of wines, but it re-enacts the injunction that such prescriptions must be limited to the actual needs for medicinal use."

**U. OF I. STUDENTS
RAISE LARGE SUM**
CHAMPAIGN, Ill., April 25.—The enthusiasm at the University of Illinois mass meeting tonight to raise funds for the athletic stadium almost wrecked the gymnasium when, in less than 15 minutes, \$700,000 was subscribed by students. The stadium is to be a memorial for the Illinois men who died in the war.

The subscription list was headed by 18 individual pledges of \$1,000 each. When the Princess Tithata Kiram of Sulu jumped to her feet and in broken English pledged \$1,000, a mad scramble resembling a riot started in a rush for the platform.

Foreign students from Japan, China, India, South America, the Philippine Islands and Mexico pledged nearly \$30,000.

Before the mass meeting closed sixty four campus organizations pledged \$1,000 each for memorial columns.

**PRICE OF GASOLINE
REDUCED THREE CENTS**
Chicago, April 25.—A reduction of three cents a gallon in the price of both gasoline and kerosene effective in its territory, was announced today by the Standard Oil company of Indiana. The new prices, become effective tomorrow. The present price of gasoline is 23 cents at the tank wagon and 25 cents at the filling station. The present price of kerosene is 13 1/2 and 10 1/2 cents.

**HARVEY TAKES
OATH OF OFFICE**
WASHINGTON, April 25.—The oath of office was administered to Colonel George Harvey as ambassador to Great Britain today.

PROGRESS MADE ON PEACE POLICY OF OF ADMINISTRATION

Knox Resolution Has
Been Changed On-
ly in Minor Detail

HOUSE MEASURE
DIFFERS SOMEWHAT

(By The Associated Press)
WASHINGTON, April 25.—Progress on the initial administration peace policy—to end the state of war by resolution of congress—was made today in both branches.

In the senate, the Knox peace resolution revised in minor detail was reported favorably by the foreign relations committee and announcement was made by Senator Lodge that it would be called up tomorrow.

The similar resolutions, dealing separately with Germany and Austria, were introduced in the house by Chairman Porter of the foreign affairs committee, who announced they would not be taken up until after the senate acts on the Knox measure.

Although the senate is to begin formal consideration tomorrow of the Knox resolution, it was not certain tonight that actual debate would start before Wednesday.

Democrats to Confer
An informal conference tomorrow between Senator Underwood of Alabama, Democratic leader, and minority members of the foreign relations committee, was planned to discuss a course of procedure. Senator Underwood said he expected Democratic action would be similar to that with regard to the first Knox resolution, vetoed by former President Wilson.

The resolution was at that time opposed by a majority of the Democrats.

The senate debate would consume only a few days was predicted by both Republican and Democratic leaders. A final vote late this week was regarded as possible.

The final draft of the Knox resolution as reported today differed little from the original measure. It would repeal the resolutions declaring a state of war with Germany and Austria, reserve all American rights and privileges under the treaties of Versailles and Trianon, and hold, subject to future disposition, the property of enemy aliens.

The committee vote on reporting the Knox resolution was nine to two, all Republicans present favoring and only two Democrats present opposing.

As distinguished from the senate measure, the Porter resolution would declare the state of war at an end, but without repeal of the war resolutions.

**PROCEEDINGS TO
START AT ONCE IN
BASEBALL SCANDAL**

State's Attorney Crowe
Makes Announcement
Monday

GANDILL WILL COME
TO CHICAGO

(By The Associated Press)
CHICAGO, April 27.—That proceedings would be started immediately against Hal Chase, "Chick" Gandill, "Bill" Burns, "Sport" Sullivan, "Abe" Attell and others recently re-dicted in connection with the 1919 world's series baseball gambling scandal, who had not appeared and given bail, was announced several days ago by State's Attorney Rowe.

Arnold "Chick" Gandill, former major league infielder, has sent word to the state's attorney from Texas that he would come to Chicago voluntarily and it was stated tonight that he would be given a reasonable time to appear before his arrest is ordered.

The state's attorney's office also announced that the arrest of Eddie Cicotte, former major league pitcher, and Rachel Brown alleged gambler, also has been requested.

**STORM PLAYS HAVOC
WITH LIGHT WIRES**
Springfield, Ill., April 25.—Interurban traffic south of Springfield was tied up and several towns were without lights or communication outside as a result of the storm which struck central Illinois tonight. Early reports of a cyclone at Girard were extremely exaggerated. Many interurban poles were reported down. An interurban express from St. Louis to Springfield was stranded five miles south of this city when the car plowed into a pole across the track and tore down yards of wire.

COL. EDWARD CLIFFORD, OF EVANSTON
Will be Named Assistant Secretary of the U. S. Treasury

GERMANY SETS OUT NATIONAL BUDGET NEW TERMS IN ITS MEASURE IS AGAIN LATEST PROPOSAL BEFORE THE HOUSE

Ultimate Total to Al-
lies 200,000,000,-
000 Marks

TERMS SAID TO BE
VERY INTRICATE

(By The Associated Press)
BERLIN, April 25.—The ultimate total indemnity which Germany agrees to pay the Allies is 200,000,000,000 gold marks, as against 226,000,000,000 demanded by the Allies in their Jaris terms. This is positively stated by those close to the government.

Dr. Simons, foreign minister, did not present the new proposals to the Reichstag today because of an understanding with the American embassy and for the additional reason that there is a paragraph in the note to President Harding suggesting that he feel free to query back for further information or the elucidation of any point not clear, if he so desired, before submitting the note to the entente.

The Germans suggest making the annuities in the payment reparations flexible, dependent on the recovery of German industries. An international loan is suggested, to be floated immediately for the purpose of placing ready cash at the disposal of the entente but no sum is named.

Pledges Customs
Germany expresses her willingness to pledge the customs revenues as guarantees and offers to deliver manufactured articles with the understanding that Germany will pay the producers and get credit on the indemnities.

Germany also offers immediate participation in the work of restoration in the devastated areas; labor and materials to be supplied by Germany and credited against the indemnities.

No suggestion is made of Germany's willingness to assume the indebtedness of the allied powers to the United States.

Germany's counter proposals are so intricate and involved that the experts who have read them express the opinion that they may be misinterpreted.

**NOT ONE DOLLAR
IN DIVIDENDS PAID**
St. Louis, April 25.—J. M. Kurn, president of St. Louis, San Francisco Railroad, in a statement today denied the allegation in a dispatch from Chicago yesterday that disbursements of interest and dividends on excess capitalization are costing the company \$2,432,661 annually.

"Not one dollar in dividends has ever been paid," on the capital stock since the company was reorganized in November of 1916, the statement asserted.

**SENTENCED TO SERVE
LIFE IN PENITENTIARY**
St. Louis, Mo., April 25.—Charles F. Christensen, 28, convicted murderer of his wife; Mrs. Ethel Christensen, 26, today was sentenced to serve a life term in the penitentiary at Fort Madison, Iowa.

SIDE TRACK NAVAL MEASURE TO TALK OF DISARMAMENT

Believe Present Pro-
gram Will Force
Disarmament

PEACE LEAGUE GETS
INTO DISCUSSION

(By The Associated Press)
WASHINGTON, April 25.—Disarmament discussion side-tracked consideration of the naval appropriation bill in the house today, when Representative Kelley, Republican, Michigan, brought forward the committee proposals to provide \$496,000,000 for the navy's next fiscal year, of which \$80,000,000 would be used toward completion of the 1916 building program. The expansion program, Mr. Kelley asserted, would help "to left the load now on the shoulders of the world for armament construction and maintenance."

"When these ships we are building have been completed," he said, "the United States will equal in sea power any nation and will be in a position to offer proportionate reduction in armament."

Theodore Burton, Republican, of Ohio, supported Mr. Kelley in his declaration for an adequate navy and also urged that there be the nucleus of a large army for the United States. He declared, however, that the "time has come for an international conference for the sake of stopping this mad-dening competition for the construction of armadas."

This view was endorsed by Representative Byrnes, Democrat, of South Carolina, who, turning to taxation features involved in military programs, said Congress this year would appropriate five and a half billions, or \$50 a head for each citizen.

The Only Question.
"The only question now," said Representative Cockeran, Democrat, New York, "is whether nations will disarm while there is some of their civilization left or wait until the weapons are pushed out of their hands by the utter and complete collapse of their industrial fabric."

He introduced a resolution to authorize the president, in view of "dreadful economic conditions" to offer on behalf of the United States to disarm, and in case of refusal to meet "great military forces established anywhere resolutely by creation of greater forces on land and sea."

Representative Black, Democrat, Texas, mentioned the covenant of the league of nations as the proper instrumentality for the United States to adopt for disarmament, and encountered instant objection from Representative Madden, Republican, Illinois, who observed that former President Wilson's administration had recommended an army of 500,000 and a greatly enlarged navy, if the United States joined the league.

Representative Mondell, Republican leader, remarked that the senate had proposed to increase the amount to \$100,000,000 beyond the house proposals as made at the last session but arguing that the increases for airplane carriers and a larger personnel should be considered matters of legislation, to be provided for later if committees expressly charged with naval affairs should indorse such plans.

**WILL TEST LAW AS
TO SUNDAY PICTURES**
Pierre, S. D., April 25.—Oral arguments in the test case brought by Attorney General Payne for the state against Allen Goethal, Huron, S. D., theater operator, to determine the extent to which the law prohibiting Sunday motion picture exhibitions may be enforced was heard in the supreme court today.

The state cited numerous instances in New York courts where moving picture exhibitors were convicted under the Sunday laws and declared the South Dakota law was copied from the New York statutes with a few additions.

**FEDERAL TROOPS TO
GUARD FEDERAL BUILDINGS**
Chicago, April 25.—Postmaster General Hays' approval of federal troops to guard the federal building and mail stations came as the result of a suggestion by Postmaster Carlile recently.

Postmaster General Hays in his letter today asked Mr. Carlile to work out a plan in detail at once. Postmaster Carlile said he had made no definite plans but would outline the guard system immediately. Troops would probably be supplied from Fort Sheridan, 17 miles north of Chicago, he said.

**TITO LIGI DENIES
BEING IN NEW YORK**
(By The Associated Press)
SCRANTON, Pa., April 25.—Tito Ligli, detained in connection with the Wall Street explosion of last September, declared in a statement from his prison cell tonight that he had never left the anthracite mining district along the Lackawanna Valley since coming to this section of Pennsylvania from Italy in 1912.

He had no recollection, he said, of having seen Thomas Smith before the latter came here last Saturday and identified him as the person he saw standing beside the "death wagon" and running away immediately after the explosion.

New York Police expressed themselves as dissatisfied with Smith's identification.

**I. W. W. ARRIVE
AT LEAVENWORTH**
Leavenworth, Kas., April 25.—Twenty of 46 members of the Industrial Workers of the World, convicted of charges of violating the selective service and espionage acts, and who have been ordered to report at the federal penitentiary here to serve out their sentences as a result of the supreme court's refusal to review their cases, had reported at the penitentiary tonight.

According to officials, as many more are expected to arrive tomorrow. Most of the men, they said, would be set to breaking rocks.

PRESIDENT HODGDON HEAD OF VALPARAISO UNIVERSITY RESIGNS

Says School is Hotbed of Bolshevism, Communism and Other Cults—Says Propaganda Can be Traced to Very Heart of Federal Government—Cause of College Unrest

(By The Associated Press)
CHICAGO, April 25.—Charging that Valparaiso University at Valparaiso, Ind., is a hotbed of Bolshevism, Communism and other cults, and that all efforts of his to thwart this propaganda has failed because of "sinister inside influences," President D. R. Hodgdon today sent his resignation to the trustees.

"The stream of propaganda," he declared, in a letter to the board, "can be traced to the very heart of the federal government, so firmly are its protagonists entrenched. Publication of the names of those incriminated would prove a bombshell in the lap of administration officials."

The letter said in part: "There has been fostered by the faculty and outsiders, Bolshevism, Communism and other cults, the practice of which is destructive to American ideas and principles. Unsigned letters have come mysteriously to my desk, warning me against the principle I have preached, namely, loyalty to Americanism and American industrial life as the basis of American citizenship."

**NEGOTIATIONS ON
BRITISH WAR DEBT
WILL BE RESUMED**

Secretary Mellon An-
nounces to This Ef-
fect Monday

NEITHER COUNTRY SUG-
GESTS CANCELLATION

(By The Associated Press)
WASHINGTON, April 25.—Negotiations with Great Britain for funding of her \$5,000,000,000 war debt to the United States will be resumed soon Secretary Mellon announced today.

The secretary said he did not know when the negotiations would begin but that invitations probably would be sent from the state department shortly for Great Britain to send representatives to this country for that purpose.

Negotiations for the funding of the British debt into long time obligations, Mr. Mellon explained, were halted by the change in administrations, but Great Britain has been ready to resume upon invitation from this country.

It is probable, he added, that any specific plan for funding the debt, but it will be a matter to be worked out by discussion at the neither Great Britain nor this country will lay down in advance conferences.

Funding conferences with Great Britain, Mr. Mellon continued, will probably be followed by separate meetings with the other allied debtors.

In connection with suggestions made some time ago of possible cancellation of the war debts was "the next thing to inconceivable," and had never been suggested by either this country or its debtors.

**SUSPECTED BANK
ROBBER CAPTURED**
Locust Grove, Okla., April 25.—Charles Brackett, for whom search has been made for alleged complicity in the robbery of the Peoples' Bank at Harrison, Ark., last February, when Henry Stark, Oklahoma bandit, was killed, late today was captured by a posse, with two other men, following the robbery of the First State Bank here.

He was said to have confessed to participation in the crime.

**SPEED BOAT IS
RACING WITH TRAIN**
Miami, Fla., April 25.—The speed boat Gar II, Jr., driven by Gar Wood of Detroit, was understood tonight to be running neck and neck with the Havana special of the Atlantic Coast line in their dash to New York. The last definite word received since leaving here last night was from near Savannah Ga., when the motorboat was leading the special by 11 minutes.

**SANTA FE REPORTS
ON 1920 BUSINESS**
NEW YORK, April 25.—The detailed report of the Atchison, Topeka and Santa Fe Railroad company for 1920, issued today, showed total operating revenues amounted to \$254,249,002, an increase of \$44,748,998. There was due the company at the close of the year from the government under its federal control, a balance of \$5,122,240.

CORINNE GRIFFITH

THE BROADWAY BUBBLE

A thrilling drama of the stage and the home in which the radiant young star plays a dual role. It's intense, startling, beautiful, absorbing. A story of a woman's mad ambition and amazing consequences.

Admission 10c and 5c Plus War Tax

TOMORROW

The Greatest Boy and Dog Picture Ever Made. It's HUCK FINN, Tom Sawyer, and Your Own Kid, All Rolled in One.

"BREEZY" EASON, JR.

THE BIG ADVENTURE

A wait of the city streets runs away from the abuse of his cruel step-father and, with his dogs, strikes for the open road. He meets with many adventures until he is adopted into the home of a kindly lawyer. The lad repays the man's kindness by opening his heart to a wealth of love, the presence of which he had never before suspected.

Admission 10c and 5c Plus War Tax

but things are not that way down at the city hall and there is every reason to expect that the "era of good feeling" will continue with all members of the administration working heartily "for the good of Jacksonville."

It appears that the Morgan county and city officials are quite familiar with legislation proposed which, if enacted, will provide for an all-time health officer in every county of the state. The local authorities have been in frequent consultation with a representative of the department of health and any action taken here will be with the full accord and approval of the state department.

The Senate and House are in receipt of petitions from a committee of lawyers representing very state in the Union urging the appointment of a joint committee of senators and representatives to consider and report to congress such legislation as may tend to facilitate the dispatch of public business by the federal courts and to make such other suggestions affecting the courts and Federal judges as the joint committee may deem advisable. The long delays that have crept into Federal court procedure in the past few years have been the object of much criticism among lawyers and the public generally. It is felt that with a Republican administration in power, the time is ripe for reform.

It is very much to be hoped that the building contractors of Jacksonville and members of the various craft will get together on some program which will tend to increased building activity in Jacksonville this year. A trip around the city reveals the fact that very little building is in progress.

It is said, however, that if building costs can be placed at a lower level than there will be very much increased activity with resulting benefits for everybody concerned. Without activity in the building line a serious prospect of unemployment is in prospect.

A very important piece of work is being attempted by the Sangamon county Sunday school association. It is proposed to provide some sort of religious training or Bible study for boys and girls during the week day instead of leaving all that important work to the brief period of the Sunday school session. In this very important matter the Protestant church may well pattern after others. It has been an acknowledged fact thru many years that Protestantism is declining in the amount of day to day training that it gives to the young people of the church.

The days of catechism and still other training may well be adopted. However, it is just as well to accept knowledge that the Sangamon association is attempting

a matter very difficult of satisfactory solution.

It is announced that the United States navy is having constructed a huge seaplane for a flight across the Pacific. It is to carry a crew of 12 men will have a maximum speed of 110 miles an hour and be capable of flying 3,000 miles without fuel replenishment. It has been demonstrated by other feats of aviation that the flight is possible. If, however, the attempt should result in failure it will be due to some unexpected mishap. Confidence will be widespread that the voyage will be a success. Indeed, it almost amounts to a certainty, according to aeronautical authorities; and so, as a sporting event, it is hardly likely to arouse so much interest as the flight of the NC-4 across the Atlantic.

The trans-Pacific voyage will, however, be more difficult than the other, since the program calls for a jump of 2,100 miles—from San Diego to Honolulu—whereas the longest lap of the trans-Atlantic trip was only 1,100 miles—from Nova Scotia to the Azores.

TOPEKA HAS LARGEST CHAMBER OF COMMERCE

Topeka, Kas., April 25.—Topeka has the largest chamber of commerce of any American city of 50,000 population and the largest per capita of any American city of 50,000 population and the largest per capita membership of any city in the world, according to Otto B. Guffler, director of the membership campaign which closed today with a total of 1,710. The quota was 1,600.

BLACK POWDER BOMB EXPLODES

Chicago, April 25.—A black powder bomb exploded in the hallway of a three story brick building used as a home for colored nurses of the Ford Dearborn hospital late tonight. Three of the 16 nurses in the building at the time were slightly injured. Dr. C. C. Bibb, of the hospital staff, declared the bomb had been placed by white persons.

PRINCE OF MONACO CALLS ON PRESIDENT

WASHINGTON, April 25.—The Prince of Monaco, ruler of the world's smallest kingdom, formally exchanged official visits today with President Harding. The prince was received with all the dignity and ceremony that always attends upon the formal call of a foreign potentate. Later Mr. Harding drove to the visitor's hotel nearby and returned the call.

FOREIGN WAR VETS WANT AMERICANISM

Chicago, April 25.—Resolutions urging legislation to prohibit the use of other than the English language by spoken or written word, that aliens become citizens or leave the country and that aliens who for cause have been refused citizenship be deported at once, were adopted tonight by representatives of twenty-four Illinois posts of the Veterans of Foreign Wars.

HEAVY STORM SWEEPS WISCONSIN

MILWAUKEE, Wis., April 25.—A heavy rainstorm accompanied by electrical disturbances, swept Central Wisconsin this afternoon, demolishing wire communication. Large stretches of railroad track near Janesville were reported under water and Oshkosh reported waters rising rapidly in rivers that flow into Lake Winnebago. Meager reports early tonight did not indicate there was any serious damage.

The third case was the story of an orphan boy as narrated by the boy himself, years later, when he came to the free medical dispensary, for help. After some time in the hospital, he was well enough to tell of his past experiences. At the age of seven he ran away from an orphan's home and went to live with an aunt. She gave him no love and ground as much work out of him as possible, so he ran away again and worked in a coal mine. The life of drifting which led to the sad condition he was in was the result of the lack of home influence. He was fitted out with clothes and a job procured for him, but again he disappeared. The lure of the wild life came to him and he had been a rover too long to break off.

Miss Catlin explained, "The family is considered the unit, in social work and every effort is made to keep the family together. However, children need, education, religious training and recreation. If the family cannot or will not furnish these, it is the duty of the state to step in and supply them."

INTERESTING FACTS AT COMMUNITY MEET

Conference on Family Welfare and Delinquency Held at Congregational Church.

About 75 people attended the conference on family welfare and delinquency held Sunday night at the Congregational church, with Hon. Thomas Worthington presiding. Miss Catlin, who is an experienced public welfare worker, used the Red Cross survey as the basis for an interesting presentation of a big subject. Then she narrated personal experiences in the work and at the close of her address came a question and answer discussion which proved very informing.

Among those who took part were Dean G. H. Scott of Illinois college; Miss Fowler, superintendent of the Social Service League; Miss Frances Wood, Mrs. E. P. Cleary, Mrs. T. P. Carter and Mrs. F. J. Heintz.

The program was preceded by a delightful musical program given by the orchestra from the School for the Blind, under the direction of Mr. Meyers. Miss Catlin made it very clear that the question of improvement in home life conditions and the question of delinquency are very closely related. The speaker said that it must be admitted that the problems are not as many in a community of this kind as in one where foreign population dominates. However, there is plenty of work to be done in both the city and county.

It was brought out in the discussion that the duties of the Social Service League, the Red Cross and juvenile and delinquency cases are closely related. It is a matter for satisfaction that the several agencies for bettering home conditions are working in entirely friendly and co-operative way.

Without such co-operation there would without question be an overlapping which would both destroy the efficiency of the work and result in unnecessary expenditures.

Miss Catlin spoke of the different conditions here and in large cities like New York and Philadelphia. "In these places, children trade in the streets in front of the stifling tenements, until 11 and 12 o'clock at night."

There is, though, a lack of supervised play here and a need for more organized societies for young people, with several more social service workers." Miss Catlin read from the report of the Boston associated charities, which has recently changed its name to The Family Welfare society, showing the importance placed on making home life what it should be.

She gave three pictures to illustrate her points. The first was a typical home and the effect. Taking her own life, Miss Catlin sketched the love, care, and interest in her games and home duties, which made them more like pleasures, with which she was surrounded. This real co-operation from her family taught her service to others, first her play-mates then more people. The various influences which made home life attractive and molded character in the right way, were brought out. The second picture showed the result of lack of the helpful home surroundings. She told of a boy who did everything and anything, but that he could not do and at the age of 12 had several nights in jail. His career as a leader of a gang was ended when he was sent to St. Charles, where he is now. His home was not attractive in any sense of the word. It had no carpets or rugs of decent furniture and worse still, it had no understanding head. He was told to "Go somewhere else to play."

The third case was the story of an orphan boy as narrated by the boy himself, years later, when he came to the free medical dispensary, for help. After some time in the hospital, he was well enough to tell of his past experiences. At the age of seven he ran away from an orphan's home and went to live with an aunt. She gave him no love and ground as much work out of him as possible, so he ran away again and worked in a coal mine. The life of drifting which led to the sad condition he was in was the result of the lack of home influence. He was fitted out with clothes and a job procured for him, but again he disappeared. The lure of the wild life came to him and he had been a rover too long to break off.

Miss Catlin explained, "The family is considered the unit, in social work and every effort is made to keep the family together. However, children need, education, religious training and recreation. If the family cannot or will not furnish these, it is the duty of the state to step in and supply them."

ANSWERING A CALL TO SERVE

(Quincy Herald)
Ed. Crabtree was re-elected mayor of Jacksonville last week. He had no regular opponent at the election, but this does not mean that Ed had no enemies in Jacksonville. Any man who is the sort of mayor that Ed. Crabtree is would have enemies. A man who could be mayor of a city two years and not have enemies wouldn't be worth having friends either.

Ed. Crabtree is not a perfect man and therefore he is like other mayors and other men. He is unlike other mayors, however, in the fact that he will not take one cent of pay for his services.

Quincyans know Ed. Crabtree well. He was the chairman of the Illinois division of the St. Louis federal reserve district in the campaigns for the Liberty loans. In those campaigns Ed. Crabtree showed the sort of an American and the sort of an organizer he is. He displayed elements of leadership which singled him out as a man who wasn't afraid to do his duty when he saw a big task waiting for him. In those days he became an intimate friend of many of the foremost Quincy men. He also is a friend of Dr. F. A. McCarty and attended the church over which the present pastor of the Vermont Street Methodist church formerly presided at Jacksonville. Then, too, the bankers here know Ed. Crabtree, for he is a banker in his home town. Thus Ed. is anything, but a stranger here. He came here to one of the big Liberty loan banquets and he has managed to get quite a collection of friends in Quincy.

Jacksonville got into a tangle over its municipal affairs. Then came Ed. Crabtree.

Ed. Crabtree wasn't a politician; he wasn't an office seeker; he had no political ambition. However, he consented to be mayor if the people would elect him. He made the specific condition, however, that he would not take any pay whatever for his services, but that he would serve his community for the purpose only of helping it out of its difficulties.

Evidently Ed. Crabtree made a good mayor for Jacksonville. He has given to Illinois a fine example of disinterested public service. He has answered forcibly the argument that volunteer work for the community is ineffective. The work which the members of the board of education do in Quincy is a testimony of a kind of work which does not cost and either five or ten dollars a meeting. Incidentally, it might be said that, if the office of mayor or any other office is put on a salary basis so that the salary is to be one of the attractions of the office, the salary must be large enough to attract good men and to give fitting recompense for the work done.

Nevertheless, it is inspiring once in a while to see such a public servant as Ed. Crabtree. He doesn't take the attitude that too many men of his means and ability do, that public service is to be abhorred, that politicians should do this work and that there is no use for the good man to try to have his influence felt. He doesn't idly tell the other fellow to do it and protest against being disturbed in his ease and prosperity. He saw a job before him to do and he did it, distasteful as it may be.

A few score of Ed. Crabtrees in Quincy and a few thousand scattered in the cities throughout the country might solve many a municipal problem.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting this evening at seven o'clock. WORK. Visiting brethren welcome.

W. A. Crawley, W. M.

John R. Phillips, Secy.

ILLINOIS MEN GIVEN U. S. JOBS BY PRESIDENT

WASHINGTON, D. C., April 25.—(Special to Chicago Tribune)—County Judge Robert H. Lovett of Peoria, has been selected by Attorney General Daugherty as an assistant attorney general, to have charge of litigation involving claims against the United States.

Former Representative William W. Wilson of Chicago, has been appointed an attorney in the department of justice, handling litigation of the alien property custodian.

It was stated at the White House that the president had not offered Edward Clifford of Evans-ton, the position of chief of the consolidated soldiers' relief bureau, but that he had another appointment in mind for Mr. Clifford.

Secretary of Treasury Mellon opposed the selection of Clifford as commissioner of internal revenue. His candidacy was promoted by Senators McCormick and McKinley and Charles G. Dawes. The president asked General Dawes to become head of the soldiers' bureau and the general declined. Asked to recommend some one, General Dawes proposed Clifford. The president did not commit himself, but proceeded to drop Clifford from consideration for internal revenue commissioner.

CHILDREN'S WEEK PROGRAM OUTLINED

Sunday School Association Seeks To Lay Emphasis on Important Work of Primary Department.

Mention has already been made of the community observance of Children's Week, which the Illinois Sunday School association has planned. This is the present week and will close next Sunday, May 1. Posters, church bulletins, together with motion picture slides and newspaper articles, are being used by the Morgan County Sunday School association in laying emphasis on this important work. The Illinois Trumpet Call, the official paper of the State Sunday School association, is making the following suggestions relative to possible observance of the week:

Moving Picture Houses.
Ask the local moving picture house managers if they will run slides advertising the Week. Art slides for this purpose can be made at little cost. The local moving picture manager can tell you where you can get the slides made. The slides may simply contain the announcement of the date, or some facts such as we were given in the last Trumpet Call.

BOOTH OR EXHIBIT
Where Should Booth or Exhibit Be Displayed?
1.—In Vacant Store Room.
2.—In Store Window.
3.—In Corner of some store.
4.—Booth built in Public square. (Very effective but bad weather may interfere.)
5.—Tent in Public Square. (Very fine opportunity and one way of emphasizing the spiritual welfare of childhood thruout the whole community.)

What Should Booth Contain
1.—An Exhibit of hand-work done by the Sunday-school pupils in connection with the Graded Lessons.

2.—Supply of the following: doggers, leaflets, etc., which may be secured from the addresses given below:

"Good Books and Pamphlets on Child Care"; What Do Growing Children Need?"

These may be secured from the Children's Bureau, United States Department of Labor, Washington, D. C.

"As Others See Us." "Ten Wonder-Making Dollars."

These to be secured from the National Child Labor Committee, 165 E. 22nd Street, New York City.

Leaflet giving list of books in "The American Home Series," a set of 24 booklets for parents. These leaflets may be secured from the Abingdon Press, Cincinnati, Ohio.

Write also to the following child welfare organizations asking for any literature they may have which might be distributed thru your booth. National Anti-Cigarette League, 58 West Washington Street, Chicago; National Child Welfare Association, 70 Fifth Avenue, New York City; National Congress of Mothers, 1201 Sixteenth Street, N. W., Washington, D. C.; National Motion Picture League, 391 Fourth Avenue, New York City.

3.—A very helpful set of panels may be secured from the National Child Welfare Association, at 50 cents a panel. There are nine in this set, but we would particularly recommend the following six: Physical Basis of Character, Early Habit Forming; Growth Thru Play; Growth Thru Study; Growth Thru Work; Religious Education of the Child.

Some one should be in charge of the booth at all times when it is open to give information to those who desire it and to explain the purpose of the Week.

INTEREST SHOWN IN CONCORD REVIVAL

The revival meetings of the Methodist church in Concord are proceeding with increasing interest under the leadership of Evangelist D. C. Linton. The evangelist not only preaches all sermons but has charge of the music as well and has organized a chorus choir of 36 voices.

Sunday night the service was especially interesting, the church auditorium being completely filled. The theme was, "Remove Not the Ancient Landmark Which Thy Father Hath Set." Last night the minister's subject was, "Moral Lepers." and tonight he will discuss "Some Liars I Have Known."

The pastor of the church, Rev. Mr. Symonds, is greatly pleased with the interest which is being shown. In the past week there were more than 20 conversions. A number of Jacksonville people are attending the services each night.

MURRAYVILLE LODGES HOLD CELEBRATION

Members of Murrayville Lodge, No. 415, I. O. O. F., and the Rebekahs, had planned to have a celebration last night of the one hundred and second anniversary of the founding of Odd Fellowship. However, the unfavorable weather caused a considerable change in the program and it was not carried out as originally planned. An informal program was enjoyed, including a Ten Thumb wedding, and all present found the occasion most interesting. At the close of the program came a social hour and the serving of delicious refreshments.

A number of Jacksonville people, including Mr. and Mrs. Willard Wesner and Reaugh Jennings, had planned to attend, but were unable to do so.

Stewart MOTOR TRUCK

AMERICA'S GREATEST TRUCK VALUE

Stewarts are made in six popular models—ready for any load—ready for any road. They adapt themselves to 90% of the requirements of American business at about 20% less than the average cost.

Stewarts cost \$200 to \$300 less to buy than the average price of other trucks.

Stewarts cost less to run—For thru simplified design, hundreds of really needless parts, consequently hundreds of pounds of needless weight, are eliminated.

You get a stronger, simpler truck—one that is economical on oil, gasoline and tires.

Stewart Capacities:

New Home Sanitarium

Incorporated

A Private Surgical Hospital

Thru its Public Health Department Says:—

"Delivering the Goods"

Not a day passes that someone doesn't ask us to tell how we built up this great surgical work. The answer is simple and easy: "Delivering the Goods." This institution beginning twelve years ago in a small frame building of six rooms and three beds and one nurse with a determination to see what "Results" will do—has grown to a modern structure of forty rooms, twenty beds and eight nurses, and when the present new addition is completed, we will have sixty-three rooms, forty-one beds. "Results Beat All Arguments." Life is dear to any man, except the man without reason (the fool) and it behooves every one not to give up his life until every possible resource of saving it has been exhausted. Consciousness of this fact has caused us to go further than the average hospital to provide and equip ourselves with every possible means of preventing "Death," hence our lowest "Death Rate" of any surgical institution in the state. We have now set out to beat our own "Record." Now let me say to you whose life is put in danger by diseased parts that should be removed or by suffering not yet mastered, to do as more than three thousand others have done—"beat the path that leads to 323 West Morgan St." This last resort may mean the extension of your life. We are not making this appeal on the account of our social position or racial standing for you would say that it is a pitiful confession of intellectual inferiority on the part of any man, white or black, to appeal to the sympathies and prejudices of his race or social set for professional preferment. But our appeal is based upon the fact that "Results of your work will tell the people more about you than all arguments or biased opinions," for they are cheap. Please remember, cheap things are not good—good things are not cheap; you get about all you pay for. Cultivate your mind to associate the idea of surgical operation with the New Home Sanitarium always.

A. H. KENNIEBREW, M. D.
Surgeon in Charge.

GREENE COUNTY FARMERS ORGANIZE FOR WOLF HUNT

White Hall, April 25.—Wolves have been invading the confines of pigs and chickens in the territory west and southwest of White Hall. Last Friday Menford Baldwin and Frank Vanderheydon found a nest of seven young wolves and captured the litter. Saturday night a hunt was organized that extended well into Sunday without result on account of wind and the unfavorable conditions, and the drives will be continued until the menace is abated. Scores of people have viewed the litter of young wolves. It is declared that no less than six pairs of wolves are known to exist in the territory, and with them raising two litters a year with six to ten to a litter it would not be many months until the wolf menace would become something terrible. Four dogs were brought from Pike county to assist in the drives. Another roundup is scheduled for Monday.

FAMOUS TENOR VISITS HERE

Surgi Radamski, a well known musician, spent Saturday and Sunday in Jacksonville, a guest at the home of Mr. and Mrs. John Sheppard, on Sandusky street. Mr. Radamski, who is a naturalized Russian citizen, has been resident in the United States for about fifteen years. For the past four or five years he has been a member of the musical company with which Miss Sheppard is associated. Miss Sheppard is an accompanist of country-wide fame, and has served in this capacity for Mr. Radamski, who is a famous tenor soloist.

AN ODD HOLY WEEK EVENT

On Easter Saturday, in Mexico, occurs one of the most unusual of all religious festivals. It is the day on which the final disposition is made of that arch-traitor Judas Iscariot. Effigies of Judas are hung over the streets everywhere and all day people parade with figures of the betrayer of Christ upon poles. Each effigy is made of papier mache, filled with explosives, and each has a fuse which is generally the moustache. At ten o'clock, as the church bells ring out, the fuses of these effigies are lighted and the Judases are exploded amid great rejoicing.

SERMON ON BLUE LAWS AT WHITE HALL CHURCH

Pittsburgh Pastor Declares That Blue Law Exist Only in Imaginations of Uninformed—Spoke Before Large Audience at M. E. Church.

White Hall, Ill., April 25.—That blue laws in the accepted meaning of the word exist only in the imaginations of the uninformed, and not on the statute books of the states, was the declaration of Dr. W. VanCleave Work of Pittsburgh, who spoke on the subject of the "Truth About Blue Laws" before a mass meeting in the Methodist church here Sunday night that filled the auditorium to the doors. He spoke at Roodhouse in the afternoon, and completed his visit to Greene county today, going to Galesburg.

The speaker, who is field secretary of the National Reform association, quoted from decisions of state courts and from the history of the United States to show that without a single exception even the most drastic Sunday laws in force anywhere in the nation have been upheld by the supreme courts of the states not only as being in accord with the federal constitution, but absolutely necessary to its defense. He declared that contrary to the general opinion of the public, the American Sunday law did not originate in New England among the Puritans, but in Virginia among the Cavaliers of the Jamestown colony, and the first one was passed in 1619, a year before the Puritans set foot upon American soil. He further stated that almost half a century went by before these same Puritans passed a Sunday law.

Dr. Work stated as the position of all the larger reform organizations and the evangelical churches of America that they believe that the individual's observance of the Sabbath is his own business, and is not a legitimate field for legislation, but that if the American rest day is to be preserved to American industry and commerce the American Sabbath must be protected from commercialism by laws forbidding the employment of labor on that day for any but works of recognized necessity and charity. He denied that there is now or ever has been any attempt on the part of churches to regulate the private life of the individual on Sunday.

GRACE SUNDAY SCHOOL

Nice weather at this time of the year brings out the small children, so there was an unusually large attendance in the children's department. That the splendid musical program as given each Sunday morning by the orchestra before the opening of the school is fully appreciated was demonstrated yesterday when fully half of the school were in their places by the time for the opening of school. Mrs. Woltman sang a solo that was greatly appreciated. The singing of the school under the direction of Hubert Littler was full of spirit and life. There were in attendance 376 and an offering of \$14.02.

The activities of the week are as follows: Monday evening the cabinet of the Epworth league will meet at the church with a representative from each class of the Young People and Adult departments of the Sunday school. The boys under Scout age meet Tuesday afternoon after school under the direction of Fred Hopper. Tuesday evening a cabinet meeting of the Sunday school officers will enjoy a picnic luncheon and business session. Wednesday afternoon at 4:15 the class for training in the church membership will meet under the direction of pastor and Miss McCarty. Wednesday evening the mid-week prayer service, Thursday evening all the young people of the church and Sunday school are to enjoy a picnic luncheon and program. Activities commence at 6:15. Friday evening the Scouts of Troop 7 meet under the direction of Scout Master Zellmar.

LITERBERRY

Mr. and Mrs. Owen Crum spent Sunday with Mr. and Mrs. James McDonald in Jacksonville.

Mr. and Mrs. Charles McDonald and son of Jacksonville, spent Sunday with Mr. and Mrs. O. M. Penderfash.

Mr. and Mrs. L. F. Fishel and Joseph Henderson of Virginia, Mrs. Noah Withrow and family of Beardstown and Miss Lulu Henderson of Literberry, were guests at the home of Mr. and Mrs. Louis Fishel, near Little Indian.

Miss Thelma Litter spent the week end with Mrs. Elizabeth Martin of Jacksonville.

Mr. and Mrs. W. W. Daniels and daughter spent Sunday with Mr. and Mrs. James Lowden, in Virginia.

Miss Margaret Chapman was a week end visitor in Jacksonville.

Mrs. Wes. Litter of Virginia, was called to Literberry by the illness of her mother, Mrs. James Jones.

Miss Bertha Beach spent Sunday with Miss Eva Lee Hull.

Mr. and Mrs. Arthur Litter and daughter and Oma and Herbert Ford spent Sunday with Mr. and Mrs. Jess Litter.

Mr. and Mrs. Harry Martin of Sinclair, were Sunday guests of Mr. and Mrs. John Martin.

DR. EDWARDS SPECIALIST IN PUBLIC HEALTH WORK HERE

Dr. J. F. Edwards of Omaha, Neb., was in Jacksonville yesterday for a conference with members of the county board and of the city government. Dr. Edwards has been for a number of years in health work and while he is not yet an applicant for the position of all-time health officer in Morgan county, his visit here was for the purpose of looking over the situation and holding a conference with the authorities.

In the war time he was in the service and for the final six months of the war and subsequently he was in charge of the health and sanitation work at Camp Mills, on Long Island. This is the largest embarkation camp that the United States maintained, more than 650,000 men passing thru it. For one year after his release from the army, Dr. Edwards was in health work in Pittsburgh and he is now health commissioner of Omaha.

COLLEGE PRESIDENTS ATTEND CONFERENCE

Dr. J. R. Harker and Dr. C. H. Rammelkamp went to Eureka yesterday to attend sessions of the seventeenth annual meeting of the Federation of Illinois Colleges. Dr. Harker is president this year and E. E. Hall is the secretary. The session began yesterday afternoon with a report of the committee on relation to state education, made by President Rammelkamp. The addresses of the afternoon were by Dean Babcock of the University of Illinois, and Francis G. Blair, state superintendent of public instruction.

The session this morning will include the round table discussion of various matters of mutual interest and there will be reports for the committees on scholarships and co-operative advertising.

WHITE HALL NOW HAS DUAL CITY GOVERNMENT

White Hall, April 25.—White Hall now has a dual city government. H. W. Roodhouse, elected last week as mayor, was declared duly elected at a special session of the city council on Wednesday night, and on Friday night a session of the city body was held, at which the city attorney, W. L. Winn, ruled that Mr. Roodhouse having qualified, was entitled then and there to take his seat. The retiring mayor, Dr. F. N. McLaren, maintains that his term does not expire until the regular session next following the city election, which has been the practice heretofore at White Hall and other neighboring cities, and declines to retire until that date, which falls on May 3rd. As a consequence two mayors are presiding over the destinies of the city of White Hall, but no untoward results are anticipated unless conflicting orders should be issued to subordinate city officials, all of whom will hold until the next regular session. The newly-elected aldermen and the city clerk were seated without question by their predecessors on the ruling of the city attorney.

An instance of the complicated situation is found in the desire of Mayor Roodhouse to force the C. & A. railroad to restore the flagman at the Bridgeport street crossing, who was taken off Saturday as a retrenchment measure. If he can secure the co-operation of Mayor McLaren he will place a man at the crossing and charge the expense to the railroad, but action without both mayors subscribing to it might enable the railroad people to evade the issue.

Mr. and Mrs. L. A. Vasconcellos have returned from a week's motor trip to Rock Island and other points.

NU-BONE

Corsets are a superb combination of all the desirables without one compromise! There is no sacrifice of style to make way for comfort—no abridgment of comfort to achieve style—no cheapening of quality to meet price. They are the twentieth century answer to the demand for perfection.

FREIGHT RATES ON COAL MAY BE REDUCED SOON

Would Apply Lowest Tariffs
to Summer Shipments
of Coal

BELIEVE IT WOULD BALANCE INDUSTRY

WASHINGTON, April 25.—Majority members of the senate interstate commerce committee agreed informally today to report a bill authorizing the commission to make an investigation, and, if advisable, to initiate seasonal rates on shipments of anthracite and bituminous coal.

The committee discussed the

Fredericshuysen bill outlining a graduated scale of rates on coal shipments, with the lowest tariffs applying to summer movements, but postponed action until tomorrow. Chairman Cummins said the commission could, within 30 days, initiate the rates provided it found them justified.

Eugene McAllister, president of the Union Collieries Company, St. Louis, urging favorable action, declared the proposed differentials would balance the coal industry from a producing standpoint throughout the year. He said they would encourage summer buying and would eliminate danger of winter coal panics.

The committee appeared reluctant to direct the interstate commerce commission to invoke the rates described by the bill, several members insisting congress would be inundated with requests for similar legislation directing the initiation of differential rates on agricultural and other products.

BALTIMORE POLICE TAUGHT FIRST AID

Baltimore, Md.—Every member of the Baltimore Police department has just received instruction in first aid methods from Commodore W. E. Longfellow, First Aid and Life Saving expert of the American Red Cross.

Red Cross first aid kits have also been installed in every police call box, precinct station and patrol wagon. Points along the water front have been provided with Red Cross life buoys.

WILL GIVE PARTY.

Invitations have been issued by Miss Elizabeth Black and William Wilson for a dancing party to be given for their boy and girl friends next Friday evening, April 29, 7:30 to 10:30 o'clock at the Black home, 1302 West State street.

DRAW LINES CLOSELY WHEN UNIONS REFUSE TO ACCEPT WAGE CUT

Strike Orders Are Issued
Effective is Cut is
Made

OWNERS STAND BY LAFOLLETTE LAW

(By The Associated Press)
NEW YORK, April 25.—Lines tending toward a nation-wide strike on May 1 of more than 175,000 unionized marine engineers, firemen and seamen were closely drawn today when the unions refused to consider a new contract, proposed by the owners, carrying wage cuts averaging 25 to 35 per cent.

The engineers, thru their national president, William R. Brown, followed their refusal by issuing a strike order effective that date, if the cut is put into effect. The firemen and seamen, thru Andrew Furuseth, their president, said they too, would quit work if the wage cut was made effective. Overseas and coastwise American flagships on the Atlantic, Gulf of Mexico and Pacific will be involved unless the differences are adjusted.

At the close of the conferences today it was announced that Admiral Benson, chairman of the shipping board, had called a conference of representatives of the owners and the unions next Wednesday at Washington.

Use Federal Influence
It was indicated that federal influence would be used to bring about an agreement and prevent a strike.

The conferences today were the culmination of a series of meetings. The engineers had announced that a wage cut would not be accepted and today the declaration was reiterated. Previously the firemen and seamen had insisted wage questions be made secondary to enforcement of alleged violations of the La Follette law, abolishment of the shipping board's sea service bureau, and preference in employment of union men.

The owners' answer today was that the La Follette law was a federal statute, and the sea service bureau was a government agency. They said this bureau was furnishing American ships with seamen, 80 per cent of whom were American citizens, while the seamen's unions were furnishing a negligible percentage of Americans.

Ships on the Great Lakes, and tugs, barges and other craft employed in harbor transportation would not be affected by the strike union leaders said, as they are under separate contracts. A tie-up of deep sea and coastwise ships would be felt by several hundred thousand men.

SITE SELECTED FOR CHAMPIONSHIP BOUT

(By The Associated Press)
NEW YORK, April 25.—With definite selection today of "Boyle's thirty acres," in Jersey City, as the site of the arena for the Dempsey-Carpenter heavy-weight championship bout July 2, training plans of the contestants tonight were being laid accordingly.

According to present indications Carpenter's training will be conducted along much more secret lines than Dempsey's. Those in close touch with Carpenter's representatives in this country say his manager, Francois Des Camps, plans to have the European champion follow much the same line of training adopted when in England preparing for bouts with Beckett and Wells.

Little of Carpenter's training will be done in public—possibly only some light exercises, road work and shadow boxing. So far as is known, Dempsey will not follow any such training plan. Wherever his camp is located, the public will be admitted to witness the training at a nominal charge, as has always been his custom.

"JACK" CUDAHY, HEALTH BROKEN, FORTUNE GONE, KILLS HIMSELF

Suicide ended the spectacular career of John P. "Jack" Cudahy, son of the multi-millionaire Omaha packer, at Los Angeles. Cudahy, who was forty-one, had met with financial reverses, ended his life in his bedroom on the second floor of his palatial residence, blowing the top of his head off with a shotgun. The photo shows Mr. Cudahy and three of his four children. Insert shows Mrs. Cudahy.

STATE DEPARTMENT HAS NO NEWS OF GERMAN PROPOSAL

Only Thing Hughes Knows
is What Came in Dis-
patches

POLICY HAS NOT BEEN OUTLINED

(By The Associated Press)

WASHINGTON, April 25.—The only information received by Secretary Hughes today concerning the character of Germany's proposals regarding reparations was that contained in press despatches. The communication embodying the proposals, handed yesterday to Loring Dressel, American high commissioner, by Dr. Walter Simons, German foreign minister, had not arrived when the secretary finished his day's work.

It was assumed the delay was due to transmission difficulties.

What course Mr. Hughes will take in dealing with the question was not indicated. It was said that until he had studied the counter proposals carefully the communication would not be made public unless it had been unless it had been published by Germany or by one of the Allies. Diplomatic representatives believed it probable that he would take up the questions involved directly with the foreign offices of the Allied governments, rather than with their representatives here, in order to expedite the negotiations.

BELIEVED SINN FEIN WILL NAME CANDIDATES

Object Will Be to Defeat Consti-
tution By Refusal of Those
Elected to Attend Meetings.

DUBLIN.—(By The Associated Press).—It is now generally believed that the Sinn Fein will nominate candidates and contest the election of members of the new parliament for the South of Ireland with the intention of preventing its constitution by refusal of the Sinn Fein members elected to attend its organization and meetings.

It was the inclination of the Sinn Fein to ignore the home Rule Act so far as it applied to the South of Ireland and to let the elections go by default. This course is now said to have been abandoned because of fears that if it were carried out, the opposition parties might be enabled to organize the proposed new governing body. The elections are to be held in May and the government plans to attempt to inaugurate the new parliament on June 19. It had been expected that the government would put a Home Rule Act into operation first in Northern Ireland and wait a more convenient opportunity before starting the new system in the South, but the British cabinet has decided to go ahead with the whole plan.

The Chief Secretary has been assured that the Nationalist party will name a sufficient number of candidates to insure a contest against the Sinn Fein. If the Sinn Fein members should be elected, as they fully expect to be, and should refuse to take the oath and attend the sessions of the new parliament, the Act provides a method by which the South of Ireland shall be governed. The King in Council is authorized under these conditions to call upon the Lord Lieutenant, with the aid of a committee composed of members of the Privy Council and other persons nominated for that purpose, to exercise the powers which otherwise would have been within the prerogatives of parliament.

The existing system of Irish government appears therefore in any event to be approaching an end.

FRUIT CROP WILL BE SHORT THIS YEAR

Apples Only Fruit That Will
Produce Anything — Wheat
Has Not as Yet Been Hurt.

Springfield, Ill., April 25.—(By The Associated Press).—No fruit trees in Illinois will make much of a crop this year, "except possibly apples which may yet do fairly well," according to the weekly crop bulletin issued by S. D. Fessenden, agricultural statistician for the Federal Bureau of Crop Estimates. Successive frosts, he says, have done that much certain damage, but it is "yet too early to estimate the loss."

The state statistician's review of the Illinois crop situation for the week past is as follows:

Plowing for corn has made fairly good progress but has been held up some by cool weather and showers and the present disturbance will still further delay it. Some planting has been done in the southern tip of the state.

Growth of winter wheat has not made much progress during the week having been checked by freezing temperatures during the first part. No loss of condition during the week is apparent but the plant was showing a lack of sufficient moisture in spots up to this week when rain fell in all areas.

The condition of rye is still very good, there not being much change during the week.

Seeding of oats is not yet concluded in northern localities. Some damage was done by the freeze of the 9th-11th and much re-seeding is being and will be done. Where the ground froze and the plant was injured below the surface it has generally been killed but where the top growth only was injured by the frost it is generally growing again. Acreage may in the end be curtailed by recent and threatening adverse weather conditions.

Spring wheat has been frozen back some but is generally growing. There is considerable acreage still to be seeded in northern areas.

Seeding of barley still going on. Not much above ground yet, and damage from frost very light.

Some further damage done to

Atlanta, Ga.

DON'T SQUEEZE BLACK-
HEADS—DISSOLVE THEM
Squeezing and pinching out black-
heads make the pores large and
cause irritation—then, too, after
they have become hard you cannot
get all of them out. Blackheads are
caused by accumulations of dust and
dirt and secretions from the skin,
and there is only one safe and sure
way and one that never fails to get
rid of them—a simple way, too,
that is to dissolve them. Just get
from any drug store about two
ounces of elegant powder-sprinkle
a little on a hot, wet sponge—rub
over the blackheads, gently for a
few seconds—wash off and you'll be
surprised to see that every black-
head has disappeared, and the skin
will be like soft and the pores in
their natural condition. Even
troubled with these unsightly men-
lishes should try this simple method

Will You be Comfortable During the WARM NIGHTS WHICH ARE COMING?

We now have a Fine Assortment of

Cool Night Shirts and Pajamas

which you should see before buying. See the display of
FAULTLESS WEAR in our West window. Boys'
Night Shirts and Pajamas, ages 8 to 16.

T. M. TOMLINSON

clover and alfalfa by the freeze
of the first of the week. The
growth of the grasses is general-
ly heavy.

Freezing weather did additional
injury to the fruit trees the
first of the week. It caught the
trees in bloom in the north cen-
tral and northern sections of the
state and caused much injury.
Late apples in southern areas
were also hurt. Too early yet to
estimate losses but it is safe to
say that no fruit trees will make
much of a crop this season ex-
cept possibly apples which may
yet do fairly well.

Supply of farm labor continues
to be more than ample, but the
farmers are employing as little
as possible.

The health of all classes of
live stock continues to be ex-
cellent as a rule.

Roads now generally very
muddy. Pastures are in ex-
cellent condition as a whole ex-
cept for frost damage to clover
which shows in the fields where
clover predominates.

KANSAS CITY JOURNAL SOLD AT RECEIVERS SALE

Kansas City, April 25.—The
Kansas City Journal, this city's
oldest newspaper, was purchased
by Walter S. Dickey, wealthy
clay products manufacturer and
prominent Republican state lead-
er, at a receiver's sale today. The
purchase price was \$111,000. In
addition Mr. Dickey assumed a
real estate mortgage of \$100,000
and \$5,000 in interest on the
mortgage and \$5,000 in taxes.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom
fails to stop itching torture and relieve
skin irritation and that makes the skin
soft, clear and healthy.

Any druggist can supply you with
Zemo, which generally overcomes skin
diseases. Eczema, itch, pimples, rashes,
blackheads, in most cases give way
to Zemo. Frequently, minor blemishes
disappear overnight. Itching usually
stops instantly. Zemo is a safe, anti-
septic liquid, clear, easy to use and
dependable. It costs only 35c; an extra
large bottle, \$1.00. It will not stain, it
is not greasy or sticky and is positive-
ly for tender, sensitive skin.

CITY COUNCIL HELD SWAN SESSION MONDAY

However, No Retiring Speeches Were Made—City Clerk-Elect Scott and Alderman-Elect Rowe Were Present and Spoke Briefly

The city council held its swan session Monday evening as it was the last meeting of the first council under Mayor Crabtree's administration. On next Monday evening the new council will hold its first meeting but it will be practically the same body except Alderman Rowe in the second ward and Alderman Loneragan in the third ward, with J. E. Scott as city clerk.

Aside from the approval of the minutes and claims but little business of importance was transacted. The council canvassed the vote of the recent election and only minor changes were made over the unofficial count and passed a resolution declaring the result.

Considerable time was spent in

discussing the oiling situation and W. H. Cocking was present and explained his plan for oiling the unpaved streets of the city.

The proceedings When the clerk called the roll it showed all members present except Ald. Chapin and Moore with Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

The bond of Anne Fowler as city matron in the sum of \$200 with Dr. Grace Dawey and Marian C. Fairbank as sureties was presented and approved. Claims against the city were also ordered paid.

Ald. Williamson, chairman of the highway committee, brought up the matter of oiling the streets. He told of a plan that W. H. Cocking and that gentleman came in while Mr. Williamson was talking and was asked to explain his plan. Mr. Cocking said that he had in mind the soliciting of property owners on the unpaved streets to help pay for the oil. He would do the soliciting himself and expected to ask 5 cents per running foot. Mr. Cocking said of course that some people would not pay.

Mr. Cocking said he would turn the money collected over to the city as a credit and this would be placed to the credit of the proper fund and then he would file his bill for the oiling direct with the city. Mr. Cocking also said in reply to a question that oil was cheaper than at this time last year.

The city council discussed the subject at some length and City Clerk-Elect Scott, Alderman-Elect Rowe, E. F. Johnston and P. J. White took part in the discussion. It was agreed that it was a perplexing problem as the city did not have enough money to oil all of the streets and the solicitation of funds from property owners was the only manner in which the work could be done.

Finally Mayor Crabtree said that it seemed to him that this was a matter on which citizens should express themselves. He suggested that all citizens be invited to attend the next meeting of the council and express their views on the subject then the council would be able to work with a better knowledge as to what should be done.

Ald. Williamson also brought up the matter of sprinkling in the

business district for the coming year. After some discussion this was referred to the highway committee with power to act.

Coal Wagon Damaged Pavement Mayor Crabtree reported that a coal wagon had broken down in West State street and the end of the broken axle had torn quite a hole in the asphalt pavement.

Superintendent of Streets White said he had started to investigate the break but had been prevented by rain. He told the council that some steps should be taken to keep loaded coal wagons off of asphalt pavement except when hauling coal to residents of the street.

It was decided to serve notice on the coal haulers to this effect and then prepare an ordinance fixing a penalty for using the asphalt pavements for heavy hauling.

Ald. Flynn reported sewer trouble in East State street and East North street. These matters were referred to Mr. White.

Ald. Ehlers reported that the sum of \$3.85 had been paid out for rats and mice during health promotion week. He said it had seemed to be an off season on rodents.

Sewers in Second Ward E. F. Johnston spoke of the great need of a sewer system in the second ward north of Lafayette avenue and west of Church street.

Scarcely any of the street north of Lafayette avenue and west of Church street had any sewers. Mr. Johnston said. The matter was referred to the sewer committee to investigate and report.

The vote of the recent election was then canvassed by the council and the clerk read a resolution declaring the result which was adopted.

Mayor Crabtree then appointed Aldermen McGinnis, Cain and Williamson to approve the records of the last meeting as the new administration would begin at the next meeting.

After some discussion of Alley D sewer the council adjourned.

Several good USED RANGES and Stoves, bargains. PEOPLES Furniture Company.

CONSERVATORY NOTES

There will be a students' recital next Thursday afternoon, April 28th in Recital hall, at 4 o'clock. The public is cordially invited.

The Illinois College Glee club will give a concert next Tuesday evening April 26th in Recital hall. Admission twenty-five cents. The club is under the direction of Mr. Quast, and Miss Virginia Bullard acts as accompanist.

A concert will be given next Friday evening, April 29th, in Griggsville, at the High School, by Messrs. Kritch and Quast, assisted by Miss Virginia Bullard, accompanist.

Mr. Alvin Wessler, of Arenzville, is taking part in a declamatory contest in Virginia next Friday evening, April 29th.

At the advanced Students' recital given last Tuesday evening, April 19th, in Recital hall, the following program was performed before a large audience.

Scherzino, op. 79 for two pianos—Schuett—Alice Lucille Spann—Elsa Foster.

Aria: "With Verdure Clad," from The Creation—Haydn—Esther Duncan.

Octave Etude in E flat Major (piano)—Kullak—Mildred Smith.

Romance for violin—BeBaker—Lyndie Conboy.

May Night (piano)—Selim Palmgren—Sarah Kautz Russell.

Songs My Mother Taught Me (voice)—Dvorak—Florian's Song—Godard—Mrs. A. S. Winey.

Prelude in C sharp minor (piano)—Rachmaninoff.

Taba (dance)—Dett—Clara Smith.

"Oh Lovely Night" (voice)—Ronald—Down in the Forest—Ronald—Blanche Tripp.

Kammennol Ostrow (piano)—Rubenstein—Alice Lucille Spann.

Elegie for violin—Kramer—Louise Robinson.

Old Tune (The Irish Washerwoman) arr. by—Sowerby.

Saxophone (Waltz)—Godard—Eunice Northup.

Care Solve (voice)—Handel—Josephine Conboy.

Fantasy (The Wanderer), piano and orchestra—Schubert—Liszt—Frank Collins Jr.

(Orchestral part on second piano, Mr. Munger.)

Accompanists, Misses Esther Duncan, Mildred Fredlin, Mr. Kritch.

AUTOMOTIVE CLUB HAD MONTHLY BANQUET

"How It Feels to Be a Prospect," Theme of Address—Some Reminiscences of Earlier Days.

The Jacksonville Automotive Dealers association held its regular monthly meeting Monday evening in the private dining room of the Dunlap hotel. This room has recently undergone extensive decoration and refitting, making it a delightful place for holding such functions. Plates were set for twenty-two, and a splendid banquet preceded the business of the evening, the service being under the personal direction of Manager Rule.

H. H. Bancroft, W. L. Fay and John Robertson of St. Louis were the guests of the association. Mr. Bancroft had been asked to speak to the members, the subject assigned being, "How It Feels to Be a Prospect."

Always a ready speaker, and one whom it is a pleasure to hear, Mr. Bancroft had his listeners with him from the start. He said in part:

"The subject assigned to me tonight leaves me a bit uncertain as to why I am here and what is expected of me. Can it be a ruse, and that I am to be tackled en masse on a sales proposition, and if so how are you going to decide on whose car is to be sold to me?"

"Seriously, though, I want to say that as a citizen, we all are proud of the record made by this association in its recent automobile show and merchants' exposition. I want to commend the spirit of harmony and organization evidenced, which only confirms further the fact that when a body of men of Jacksonville get together and decide to go after a thing, that thing is an accomplished fact."

"These are times of peculiar stress. All business, including that of the automobile, is going through a period of adjustment. These problems concern us all. I have no particular solution to offer, except to say that we must pull together, with confidence in our country and our government. Our country reached its present high place thru just this method. It was this unity of purpose that brought us our constitution and adhering to it our prosperity."

"We cannot exist and prosper alone. It is the duty of what is the business of one country is the business of all countries. The great Lincoln said, 'We cannot exist half slave and half free,' and I would paraphrase that and say we cannot exist unto ourselves alone. These are times when other countries are copying in some particulars from our system of government, and others will follow in this course. In this period of transition it behooves us to keep in mind that we have a strong system of government; safeguard it against encroachment, and keep intact our constitutionally guaranteed liberties. And what is true in this broader national and international way is equally true with us right here in Jacksonville—foster and improve the get-together spirit, understand that the good of all is the ultimate good of one, have vision and plan and work to it."

Auto Reminiscences Mr. Fay spoke briefly, expressing his pleasure at being able to meet with the members of the association and spoke in a complimentary way of the work accomplished. Mr. Fay related an interesting vein of his experience with the automobile, dating back more than twelve years; telling how, in those earlier days, the auto was looked upon with feelings of distrust and doubt, but that now it would be practically impossible to get along without it. He emphasized Mr. Bancroft's remarks to the effect that Jacksonville men decided to get together something "went over."

John Robertson of the Aircraft association of St. Louis was present in the interest of the proposed landing field for Jacksonville and spoke briefly. The committee appointed at the last meeting reported progress and was instructed to enter into definite negotiations with the owner of a suitable field in Jacksonville, who had stated his willingness to enter into lease arrangements. Indications are that Jacksonville will soon have a proper field and will be placed on the flying map which the United States government is soon to have made of the entire country.

To Boost Good Roadways The question of good roads for Morgan county was brought up and it was asked why this county apparently was being overlooked. The necessity for an early move in this direction was emphasized by all present, it being pointed out that it was to the interest of every citizen, whether or not engaged in business, to get behind a Morgan county good roads move and not let up until results were had. One member stated it had been shown that the only way to get action was to set a date and for every person who owned a car to load it with citizens and all go in a body to Springfield and put the matter squarely up to those in authority.

A committee of three—Messrs. Withee, German and Babb—was appointed to confer with a committee of business men appointed at the close of the auto show and arrange for a special booster meeting for the near future. Several prominent speakers are to be invited to be present and explain the procedure necessary. It is believed that something definite will be accomplished at that time.

NEGO CAUSED EXCITEMENT A negro caused considerable excitement in Litterberry Sunday and the authorities brought him to this city late in the afternoon and he was sent to Hannibal, Mo., where he claimed he had relatives living. The man had been in the Litterberry neighborhood for the past several days and was of such a suspicious appearance that the authorities finally decided to take him in custody.

Social Events

Will Give Miscellaneous Rush This Evening

Mr. and Mrs. Virgil Edwards will entertain at their home on South Diamond street this evening, in honor of Mr. and Mrs. Russell Hull, who were recently married. The affair is to be a miscellaneous rush for Mrs. Hull, and fifteen of the young friends of the young couple will be guests at the company. Games and a guessing contest have been planned for the evening's entertainment and a dainty color scheme of pink and white is to be carried out in the serving of refreshments.

Wahoi Camp Fire Girls Met

The Wahoi Camp Fire Girls of whom Miss Lucy Coover is the guardian, held their regular meeting last evening at the home of Miss Virginia Brown on Rount street. The evening was happily spent with camp fire games and ceremonies. The hostess served excellent refreshments during the evening.

Dinner for Out-of-Town Guests

Mr. and Mrs. W. R. Coultas and Mrs. Edith Woodward entertained at 1 o'clock dinner on Sunday at their home on North Fayette street. Ladies of the valley and other spring flowers were used as table decorations and an excellent dinner was served. Out-of-town guests who were honored at this affair were Mr. and Mrs. W. H. Coultas and daughter, Evelyn of Lynnville, Mr. and Mrs. G. A. Bennett of Meredosia and W. H. Chapman of Palmyra.

Gave Dinner for Bride and Groom-to-be

Misses Sue and Bertha Horn entertained at eight o'clock dinner Sunday evening in honor of Miss Gladys Sargent and Merritt Newton of Sparta, Wisconsin, who are to wed this week. The guests included Mr. and Mrs. W. F. Horn and the parents of the bride-to-be.

Entertained Card Club

Miss Gussie Duffner entertained the members of her card club last evening at her home on East Morton avenue. The time was pleasantly spent in playing cards and during the evening the hostess served delicious refreshments.

Entertained L. W. C. Students

Miss Ida Widmayer was hostess to a few girls from Illinois Woman's College and a number of the faculty members yesterday afternoon at her home on West State street. The afternoon was pleasantly spent with informal entertainment and the hostess served dainty refreshments.

Entertained at Dinner

Miss Eena Osborne entertained at dinner Sunday evening in honor of Miss Marie Hiff of Hoopston, Illinois, who is the guest of friends in the city. The guests included Misses Grace Hasenstab, Marian Jane Robinson and Huldah Harmel.

Entertained at Dinner

Mr. and Mrs. Ornsby Dawson of 141 Webster avenue, delightfully entertained at 6 o'clock dinner Saturday evening in honor of their guests, Mrs. Gertrude Kastrup of Peoria, and Mrs. B. H. DeLapp of Los Angeles. The following guests were present: Mr. and Mrs. Arthur Rehfeldt of St. Louis, John Tendick of Canton, Earl Hoover, Edward Tendick and Mrs. Jennie Porter of this city. Several hours afterward were pleasantly spent with music and conversation.

Entertained for Dean Henry Ward Pearson.

Dean Henry Ward Pearson was the guest of honor at a charming afternoon affair at the I. W. C. yesterday afternoon, the occasion being his birthday. Members of his piano, organ and theory classes were the hostesses, and the guests included besides Mr. and Mrs. Pearson a number of the music faculty members.

Miss Beatrice Horsburgh presided at the tea table. After the dainty lunch had been served, Miss Suzanne Reinhardt with a few well chosen remarks presented Mr. Pearson with a gift from the class Mrs. Pearson was given a bowl of roses.

Mr. Pearson was then the recipient of congratulations and good wishes from everyone.

Chamaine Club Holds Last Meeting of Year

The Chamaine Musical club held the last meeting of the season yesterday afternoon with Mrs. Virginia Vasey on West North street. Annual reports were made by the officers of the club showing that a very successful year had been completed.

During the past season the club has given fourteen programs composed of the music of France, England and America. The club also has a very valuable musical library, numbering 650 different pieces and collections of music, duets, concertos, part songs and other music, difficult to obtain at this time.

Mrs. Homer Potter and Mrs. Virginia Vasey will represent the Chamaine Club at the Illinois Convention of Music Clubs to be held at Taylorville April 26-28.

Yesterday's program was taken from the works of noted American women composers. The following selections were given:

Marche de Concert..... Julia Rive-King

Mrs. Robert L. Stice, Mrs. Vasey, Dauds, Op. 10, No. 2, Marion Bauer

Mrs. Homer Potter.

(a) When Your Ship Comes In

(b) Secret Languages..... Fay Foster

Mrs. V. B. Vasey.

(a) Valse Francaise..... Mary Helen Brown

(b) Tone Poem..... Harriet Ware

Mrs. D. N. James.

(a) Romance of Roses..... Lilla Lynn

(b) Sunset..... Kate Vannah

(c) Eve, and a Glowing West..... Mana Zucca

Mrs. Charles Hopper.

Revel of the Wood Nymphs..... Florence N. Barbour

Miss Walker.

(a) An April Message..... Mary Turner Salter

(b) Hail, Bounteous May..... Gena Branscombe

(c) The Sunnys of Springs..... Florence N. Barbour

Mrs. Robert L. Stice.

(a) Ecstasy..... Mrs. H. H. A. Beach

(b) Song..... Carrie Jacobs-Bond

Mrs. A. S. Winey.

Queen Esther of Grace Church Closes Contest.

The Queen Esther Clas of Grace church closed a six weeks' contest Sunday evening. In the beginning members of the class chose sides and the side reading the largest number of verses of Scripture would be entertained at a banquet by the losers. The side led by the Misses Anna Mohu and Jennie Elliott were the winners, reading more than 25,000 verses. The banquet was held Monday evening at 6:30 o'clock with Mrs. Lulu Gathers in charge. This probably will be the last indoor luncheon of the season. Plans are being made for a picnic to be held at Nichols Park in the early summer.

FETTER FAMILY REMOVES

A. E. Fetter and family have recently removed from 614 South Prairie street to 910 South East street. Their neighbors on Prairie street very much regretted to have them remove from their midst, but wish them happiness in their new home.

SUPER POSTPONED

The chicken supper which was to have been given at Ebenezer church Wednesday evening has been postponed for one week until Wednesday, May 4.

Born, Saturday, to Mr. and Mrs. James Wagner, on North Prairie street, a son, Bernard Aloysis.

ENGAGEMENT ANNOUNCED

The Jerseyville Democrat of recent date contains an account of a party at which the announcement was made of the approaching marriage of Miss Florence McElroy to Mr. Roland Griffith of St. Louis. The bride-to-be is well known in this city, having visited here at various times in the past.

She has been a teacher in the grade schools of Jerseyville for the past few years. She is a daughter of Mrs. C. H. McElroy of Arenzville.

Mr. Griffith is an attorney practicing in St. Louis. The date of the wedding has been fixed for the early spring.

RANSON REALTY CO.

Did you ever sit alone with your thoughts and dream of the wealth and riches that you may some day have? Did you ever look about you and see where well-to-do men procured their wealth? Did you know that good dirt right here in Morgan county had increased over 50% every 10 years for the last 90 years? Did you know that our population is increasing faster today than it did yesterday? Did you know that all the good land will be in bigger demand as population increases? That well-to-do man bought land here in Morgan county at \$50, an acre was ridiculed by his poor neighbor because he bought it too high. That poor man put his money where he could get it quick. He did. Think it over.

A-1-F—171 acres nearly all level, fine location, close to elevator. Excellent shape. You'll be surprised at the price.

B-1-F—80 acres close to Waverly. Improvements first class and it's a bargain.

K-1-F—80 acres, choice. Adjoining city limits of a good town. Improvements A-1.

W-2-C—One of the finest homes in town. On a main street. Modern throughout. Elegant condition. Priced for quick sale.

Yes, we have a good farm in Morgan county we will sell you worth the money and take in your city property with balance easy terms.

LARGE AUDIENCE HEARS CONCERT

Annual Ensemble Concert at Illinois Woman's College Heard By Many Music Lovers.

In spite of weather conditions a large audience gathered in Music Hall last night to hear the ensemble program offered by the students of the College of Music. A more attentive nor a more enthusiastic audience has never greeted the students of the college.

The character of the program gave opportunity for a great variety and the contrasts were well arranged.

The numbers offered were prepared in the studios of Mr. Pearson, Mrs. Coleman, Miss Hay, Miss Miller, Mrs. Forrest and Miss Horsburgh.

The program given in the Journal of Sunday morning was carried out in full. In order to present the program intact, Miss Horsburgh played the Bado Concerto with Miss Reinhart taking the place of Miss Cover who had injured her left hand during the day on Monday.

CONTRACTORS SEEK LOWER WAGES HERE

Conference With Crafts Held Monday Night — Wages for Brick Masons Reduced.

A meeting of the Associated Building Contractors was held last night with a large membership in attendance. As the result of the conference held April 20, at which various craft were asked to send representatives to the meeting last night, the hod carriers, plumbers, painters, tinners and carpenters were represented. The association, after full discussion, voted unanimously to fix the wage scale of brickmasons and plasterers at \$1 per hour, instead of \$1.25 per hour, the new rule to become effective May 1. The brickmasons and plasterers were not represented, but the information will be conveyed to them.

It was indicated to be the wish of the building contractors that similar reductions in wages be made for the other craft in the effort to stimulate building. The representatives were asked to confer with their locals and then make report.

At the conference reports were read from a number of cities summarized in the building contractors' Bulletin, telling about building prospects and labor conditions. Some of these reports were as follows:

In Other Cities

ALTON—No building going on except holdover jobs started last year. Seventy-five per cent of building tradesmen unemployed, some working in other industries. Building Trades Council held meeting and decided that if contractors would reduce their profits and material men their prices the men would reduce the wage scale. No conference and nothing definite as yet upon the matter. General belief is that conditions will be largely governed by what happens in Chicago and St. Louis.

BELLEVIEW—Small amount of building going on and tendency on part of building mechanics to reduce wage scale. Depends greatly upon action taken by East St. Louis and other nearby cities.

DECATUR—Building outlook very discouraging, unless the trades and material interests help by cutting. The contractors are endeavoring to have the tradesmen agree to a reduction in wages. Falling in this they held a meeting April 6th and fixed the following maximum rates. Carpenters, electricians and painters, 80 cents; plasterers, \$1.00, and unskilled labor, 45 cents. The electricians have already agreed to accept 80 cents, and it is believed that the other trades will follow the same course. Negotiations are going on with bricklayers. Contractors and press very optimistic about new scale and future results from its adoption.

LINCOLN—Very little work going on and less prospect unless wages are reduced. Bricklayers and plasterers have reduced their wages to one dollar per hour. The carpenters are refusing to make any reduction. Common labor willing to work for any living wage. Some talk of open shop. General opinion of public is that if labor would cut wage, plenty of work would be started.

SPRINGFIELD—Prospects for much building this season not very good. Painters on strike, employers refuse to sign up at old rate. Many working open shop. Employers willing to pay 90 cents. Carpenters arbitrated and awarded 90 cents from April 1st. Public sitting tight, waiting for labor and material to come down. Other trades not fixed up yet.

Contractors' Organization

The Associated Building Contractors of Jacksonville includes the following firms:

General Contractors, Carpenters—Vasconcellos & Sons, S. G. Chumley, John Wolke, William Stull, William Farrington, George Brown, A. L. Black & Co.

Plumbers—C. C. Scheurman, O. B. Cannon, Jacksonville Plumbing & Heating Co., E. E. Beasly, Charles Minter.

Tinners—Brady Brothers, W. R. Shaw, Reynolds (Holland Furnace Co.), W. B. Rogers, J. F. Brennan.

Painters—W. G. Benson, Dickason Decorating Co., J. J. Malen, S. L. Bergs.

Bricklayers—E. E. Wells, W. D. Robinson.

Cement Contractors—Otis Hoffman, Fernandes & Son, L. Cowdin, J. W. Baptist.

Stone Contractors—J. M. Vasconcellos.

Structural—Illinois Steel Bridge Co., Eli Bridge Company.

Electricians—Hass Electric Co., J. M. Doyle, G. A. Seiber, J. C. Walsh & Co.

WM. MATHER LEWIS LEAVES WASHINGTON POST

WASHINGTON, D. C., April 25. —(Special to Chicago Tribune.)—William Mather Lewis, Chicago, director of the savings division of the treasury department, who has been at the head of the government campaign for thrift, savings and sound investment, will leave the service May 1 to become associated with the Chamber of Commerce of the United States, according to an announcement today.

In accepting Mr. Lewis' resignation Secretary Mellon expressed regret that personal business affairs made it impossible for Mr. Lewis to remain.

"I have been informed of the high order of service you have been rendering," Secretary Mellon wrote Mr. Lewis. "Your work has been both constructive and effective, and to your untiring efforts and rare judgment has been due in no small measure the success of the treasury department."

In his work with the Chamber of Commerce, Mr. Lewis will have headquarters in Washington.

Mr. Lewis is well known here and for a number of years was a member of the faculty of Illinois college.

Deaths

Brakett

Russel Brackett, a resident of Exeter, died at Our Saviour's hospital at 8:30 o'clock Monday afternoon. The remains were removed to J. H. O'Donnell's undertaking parlors and will be sent to Exeter for burial. The deceased is survived by his parents, two brothers and two sisters. The funeral will be held Wednesday, with burial in Exeter cemetery.

Gilley

Charles M. Gilley died Saturday night at the Old People's Home, where he had been a resident for an extended period. Mr. Gilley was born in Indiana, September 24, 1845, and has been associated with the Christian church for practically all of his long life.

The remains were taken to the Reynolds mortuary and have been sent to Loogootee Ind.

MR. BLACKBURN LAID TO REST SUNDAY

Impressive Funeral Services for Long Time Resident of the County—Officer of Ebenezer Church for Sixty Years.

To live an unblemished life for seventy-eight years in one community is a record that is rarely written. However, that was the case with Edmund Blackburn, whose funeral was held Sunday morning. The number of friends who gathered at the home on Sandusky street for the brief service and the much larger gathering at Ebenezer church northwest of the city, bore testimony to the general respect in which the deceased was held.

Mr. Blackburn, whose death occurred last Friday, was eighty-seven years of age and all but nine years of his life were spent in the Ebenezer community. Several ministers took part in the impressive service and while the life of the deceased was eulogized not one fulsome word was used, and those in the audience were well aware that every sentence spoken was justified by Mr. Blackburn's life work.

The services were in charge of Rev. F. E. Bracewell, pastor of Ebenezer church, assisted by Dr. W. H. Neal of Chicago, a nephew of the deceased; Rev. W. S. Phillips of Carlinville former pastor of the church and a dear friend together with Dr. J. R. Harker who had been on terms of intimacy with Mr. Blackburn for at least forty years.

At the home a prayer was spoken and then a song was sung by A. E. Williamson, James Guyette, A. W. Waltman and Charles A. Rowe. At the church several of the hymns which Mr. Blackburn especially loved were sung by a quartet including Mrs. Helen S. Waddell, Mrs. Eulah Martin, Rev. W. S. Phillips and Charles A. Rowe. Then a solo "Shadows" was sung in an especially impressive way by Fred Masters, a nephew of Mr. Blackburn. The accompanist was Mrs. Clyde Black.

When the very impressive church services had been finished the remains were conveyed to the nearby cemetery and laid to rest beside the father and mother, sturdy English folk who came to this country in pioneer days. The bearers were Charles Patterson, J. W. Martin, John Hadden, John Moss, Charles S. Black and Frank Masters.

Tribute From Ministers.

Mr. Bracewell had not been long pastor of Ebenezer but he had come into an understanding of the influence that Mr. Blackburn had exerted upon the church and community thru a long period of years. He read a brief obituary, giving main family facts and then closing with a prayer in which recognition was given the worth of the veteran church man.

Rev. Mr. Neal spoke with evident feeling as he told of the marked influence that the uncle's life had had upon his own, especially in his ministerial work. He made it clear that he believed that whatever of good he had done and whatever he had accomplished was largely due to the inspiration and advice received from his uncle.

Rev. Mr. Phillips spoke in reminiscent way of his connection with Ebenezer church in the third year of his ministry and then of the later ministry. During all those years he had the friendship and guidance of Mr. Blackburn and the minister said that in recent retrospection he had come into a new appreciation of Mr. Blackburn's strength and worth. He said that he had occasion to consult Mr. Blackburn frequently and always found him a helpful and sympathetic friend, a man whose advice was of the greatest value especially to a minister young in the work.

He referred to the kindly spirit of the deceased, his willingness to overlook faults and his generosity of opinion and belief. Like Abraham of old, he said, Mr. Blackburn was a friend of God.

Dr. Harker also spoke from his heart and said that during the forty years of his relationship with Mr. Blackburn that he had found him an unfailing friend, one who had meant much in his life. Then he referred to Mr. Blackburn's unusual record of seventy-eight years in the neighborhood and of his serving for more than sixty years as a trustee or member of the board of stewards of the church.

"Unconsciously," Dr. Harker said, "Mr. Blackburn became the dominant influence in this community. He did not try to exert that influence as some men do and would have been the last to acknowledge that he had the strength of influence that was his. Nevertheless, thru the splendid vitality of his faith the clearness of his vision in spiritual things, his unswerving honesty of opinion he shaped the life of this community and it is a wonderful community, as this gathering here today testifies.

"He was a student of the Bible thru all the years. You could not engage him in an academic argument about the Bible. He wouldn't talk about such things but he had the fundamental truths imbedded in his heart and life in an unmistakable, unshakable way.

The Life Influence.

"Who can measure the influence of such a life? I have thought of this many times, especially since his going—of the hundreds of thousands that have come into contact with him in the passage of the years and how the influence of his life and words has made for the upbuilding of character. I cannot pass without reference to his family, for I do not believe I have ever known an-

TO NAME COL. CLIFFORD FOR AN IMPORTANT POST

Former Jacksonville Man Will Be Appointed Assistant Secretary of the Treasury.

WASHINGTON, April 25.—Edward Clifford of Chicago, it was understood today, is to be named as assistant secretary of the treasury. Secretary Mellon, it was said, is prepared to recommend him to President Harding.

WASHINGTON, April 25.—Lieutenant Colonel Edward Clifford spent two and a half years in war work, first in the treasury department and later as lieutenant-colonel in the quartermaster corps. He was called to Washington as a dollar-a-year man early in 1917.

After being commissioned, he was made a member of the war credits board. Later he took charge of the voluntary allotments branch of the finance division of the quartermaster corps. After the armistice, Colonel Clifford went to France and later took over other financial matters in France and with the Army of Occupation in Germany.

Following his discharge, in 1919, Colonel Clifford spent an active year in the financial affairs of the American Legion, being chairman of the finance committee in Illinois and at the Cleveland national convention.

Colonel Clifford was formerly a corporation lawyer and later went into investment banking, but retired from active business in 1916.

Colonel Clifford graduated from Illinois college in the class of 1896. Subsequently he attended the St. Louis law school and located for practice in Virginia, his old home. He was married to Miss Ann Lambert, daughter of Mr. and Mrs. E. C. Lambert of this city, and within a year or two removed to Chicago, at the suggestion of Charles G. Dawes, who had seen something of his work in Cass county.

Subsequently Colonel Clifford's rise to professional and business success was rapid. He is accounted one of the most vigorous and successful men that has gone out of Illinois in the last decade or two. He is an executive of unusual ability and broad experience in the financial world that has fitted him finely for the important position in the treasury department.

In addition to other good qualities he has the requisite of unquestioned character stability. At present he is directing the Moline Finance Corporation, which was organized to handle certain financial affairs relating to the Deere Plow Works.

WITH THE SICK

Miss Cleo Dell Lane is slowly improving, after a recent operation at Passavant hospital. Her many friends will be glad to know that she is now well on the road to recovery.

PROBATE COURT.

In the guardianship of Ward, Curtis and Helen Todd, the report filed by Minnie Todd as guardian was approved.

The report of William and John Lewis as conservators of Fred Lewis was approved.

In the estate of Mary O'Keefe, the petition for public sale of personal property was approved.

In the estate of Mary Johnson, the appraisal bill and inventory were approved.

In the conservatorship of Eugene A. Donnelly, the inventory was approved.

In the estate of Alice McLeod, the inventory was approved.

In the estate of Paulina Tonsaint, the inventory was approved.

In the estate of Della Dwyer, the petition to omit appraisal and inventory was approved.

In the estate of William Burrus, of which Edgar Burrus is administrator, the final report was approved and the estate declared closed.

HEALTH CAMPAIGN HAS CLOSED

The boys of the city were not very enthusiastic about the campaign against rats and mice. The records show that the heads of 24 mice and 38 rats were left at the police headquarters for the bounty. They were taken in charge by Desk Sergeant Casey and were promptly buried.

Dr. King, city health warden, yesterday expressed the wish to extend thanks to Sergeant Casey for his assistance in this special work.

The committee is also under obligation to Supt. Gray of the Jacksonville Railway and Light Co. for allowing the use of health week banners on the street cars. Lloyd Reid printed these banners without expense to the city.

SPORT MODELS

You will see them wherever you go. Young men are favoring the new sport models. Not only as a garment for sport wear, but for general utility. For everyday service. We've some mighty fine ideas in these Suits, and we want you to see them. The "Barton" is pictured here. Browns, blues, tans and herringbones—

UNION BAPTIST CHURCH CLOSES CONTEST

Efforts for Sunday School Membership Resulted in a Tie—Will Serve Supper Next Friday Night.

An unusual interest has been manifested in a contest held at Union Baptist Sunday school near Pisgah, between the "Blues" and "Reds" for a period of eight weeks.

This affair was planned to increase attendance, and was very successfully carried out. It was announced the side defeated would serve a banquet to the winners. The final count was made Sunday and the Blues were surprised to find the Reds five ahead as the Blues were 38 only a week ago.

As a result of some confusion on the part of the secretary the total attendance was counted again and found to be a tie. This however, was more surprising to the entire school. The attendance Sunday was 274. Of this number, 65 were in the young men's class. The banquet will be served by both Blues and Reds Friday, April 29 at 7 p. m. There will be a meeting at the church Tuesday at 7:30 p. m. to make some necessary arrangements for the supper.

The following committee will be in charge. "Blues" Mesdames Charles Wood, Edw. Bingman, Homer Wood, Mrs. Carrie Crum. Reds—Mesdames A. A. Curry, W. J. Bottom, John Sample, Mrs. Maley, John Becker, J. C. Mosley.

EVANS FOUND GUILTY IN COUNTY COURT

The jury which heard the evidence in the case of Roy Evans of Franklin, charged with larceny, brought in a verdict at 7:30 last night, finding the defendant guilty. The defendant is charged with stealing five bales of clover hay, the complaining witness being Edward Story.

The case, which was heard before Judge Samuel in the county court, Monday, attracted a good deal of attention and there were numerous people from Franklin in attendance.

The state was represented by State's Attorney Carl E. Robinson and John M. Butler, and the defendant's attorney was Walter W. Wright. The jury included the following: T. J. Riley, Harry Norris, M. J. Crowe, Willard Young, L. H. McDonald, John Lewis, Charles Johnson, William Carroll, William Wagner, M. C. Armstrong, Frank Goveia and John Young.

INJURED BY FALL

Miss Edith Askew of 1018 Grove street is a patient at Our Saviour's hospital suffering from a dislocated left shoulder. Miss Askew fell as she was leaving the Westminster church Sunday morning and the injury was the result. The accident is a painful one and will keep Miss Askew confined to the house for some time to come.

REAL ESTATE TRANSFERS

Sallie H. Crain to Sarah E. Tayan, pt. lots 72 and 93, Chandler's addition. This is the property on South Church street which Mr. and Mrs. Tayan purchased.

DRIVE TRACTOR DOWN STATE STREET

T. B. Belois of Bluffs caused a lot of excitement Monday morning when he drove a Fordson tractor all the length of the asphalt pavement on West State street. Someone telephoned to the police department and Chief Kiloran met the visitor at the corner of Church street and West State and took him into custody. It is contrary to the city ordinance to drive a tractor on an asphalted pavement. Mr. Belois did not know he could have approached the business district by the use of the Lafayette avenue pavement or where there would have been no resulting damage.

Mr. Belois appeared in Squire Dyer's court and paid the one assessed against him. At the same time he expressed regret that ignorance resulted in the violation of the city law.

HOME FROM GALESBURG

Miss Ned, who has been visiting at the home of Dr. Elizabeth Waggoner Eustice, in Galesburg, has returned to her home in Jacksonville.

Opportunity

I have accepted a sales contract with the Cook Reynolds Company of Lewistown, Montana, located in the heart of the Judith Basin country. This land has wonderful producing qualities, and shows an extra good average of all crops grown in that country for the past 15 years. Land is selling from \$25 to \$125 per acre. If you are interested in buying land that will soon pay for itself will be pleased to have you write me for descriptive booklets and statistics of same.

Brunswick
PHONOGRAPHS AND RECORDS

Why the Brunswick Phonograph Is What It Is—

While we rely entirely on the inherent merit of the BRUNSWICK to prove its own case, as it has always done—yet, it is a source of great satisfaction to occasionally reflect on the wonderful organization and resources back of it which has not only been responsible for the present unique position of esteem in which the instrument is universally held, but which also furnishes us and our clientele of BRUNSWICK owners with the satisfying assurance that the BRUNSWICK will always be the most desired of all phonographs.

A FEW FACTS CONCERNING THE MANUFACTURERS OF THE BRUNSWICK PHONOGRAPH

- They are capitalized for \$50,000,000.00.
- have branch offices in twenty-five cities in the United States
- five in Canada, one in France, one in Cuba and one in South America.
- operate their own timber lands in Northern Michigan.
- make every part of the BRUNSWICK PHONOGRAPH in its entirety.
- are the only phonograph manufacturers in the United States, and we think, the only one in the world, that actually does this.
- have at the present time seven factories devote to the manufacture of phonographs and parts, and two factories to the pressing of records.
- cut their own veneer logs and slice their own veneer.
- manufacture their own panels and are just completing a plant plant to manufacture shipping cases for their phonographs.

Ponder over these facts and you will readily discover the reason of our enthusiasm for BRUNSWICK Phonographs and Records.

HEAR, THEN COMPARE

The way to fully appreciate the superiority of the BRUNSWICK is to hear it, then make comparison. Your ear will quickly decide in favor of the BRUNSWICK.

THE GIRL BREAKS TROTH
LOVE GIFTS ARE HERS

Holding that a girl of seventeen cannot legally enter into a marriage agreement, Justice Dunne, in Brooklyn, N. Y., dismissed a suit brought by Joseph H. Nesson, a Junior at Harvard, against Miss Frances Ludwig, of Brooklyn, for recovery of \$398.50, representing jewelry and other gifts to the girl.

Miss Ludwig became engaged to Nesson in 1919. She told the Court that last November Nesson wanted her to marry him and then go to work while he finished his course at Harvard. This, it was said, caused the upset of the romance.

BLUFFS HOUSEHOLD
SCIENCE CLUB MEETS

Farewell Reception and Party in Honor of Mrs. R. A. Warren—Other News of Interest from Bluffs.

Bluffs, April 25.—The Household Science club gave a farewell reception and party in honor of Mrs. R. A. Warren at the home of Mrs. S. M. Carver, Friday afternoon. Twenty-six members were present and a very pleasant social afternoon spent. At 6 o'clock appropriate refreshments were served by the committee. Mr. and Mrs. Warren and family will leave in a few days for their new home in Chillicothe.

The eighth grade commencement exercises will be held on Thursday, May 19. Rev. Pontius pastor of the Christian church of Jacksonville, will deliver the address.

Baccalaureate services will be held at the Lutheran church on Sunday, May 22. Rev. Heidenreich having charge of the service.

Mr. and Mrs. W. H. Green left Tuesday of last week for Savannah, Mo., where the latter will undergo an operation for the removal of a cancer. If good results follow she will be home in about five or six weeks. Mr. Green will remain with her for a time, and his son, Paul, will look after the business interests at the store.

Mr. and Mrs. Orvel Rhinehart of Griggsville, are the guests of the former's sister, Mrs. Herman Dunham, and family.

A Tom Thumb wedding, under the auspices of the M. E. church, will be held at the opera house May 3. Sixty children of the community will take part. A lady from Kansas City will arrive in a few days to train the children for their various parts.

Mrs. Clarence Hedrick and daughter, Marion, of Quincy, are visiting the William Hildebrand household.

Miss Nellie Mulhern of Springfield, spent Sunday with relatives in Bluffs.

"Between the Soup and the Savoury," "Our Aunt from California" and "Two Little Rebels"—three delightful plays, Yojasovi Camp Fire, School for the Deaf, Thursday evening. Admission 50 cents.

RETURN FROM DENVER FOR VISIT

Mr. and Mrs. Fred Leach arrived in the city Sunday to spend several weeks with friends and relatives in Jacksonville. The young people are now making their home in Denver, where Mr. Leach is engaged in business.

WILL HOLD ALL DAY SEWING

The Ladies' Aid society of State Street Presbyterian church will hold an all-day sewing at the church parlors next Thursday.

IT HAPPENED IN
JACKSONVILLE

And is Happening to Jacksonville People Every Week

The case told below is not an uncommon thing. The same occurs frequently and will continue to happen as long as folks have kidneys and overtax the kidneys. Jas. B. Seaver, prop. of blacksmith shop, 301 N. Main St., Jacksonville, says: "I had pains in the small of my back and when I bent over I had trouble in getting up. My kidneys were out of order, too. Doan's Kidney Pills soon regulated my kidneys and stopped the pains in my back."

The Results Lasted

Over five years later Mr. Seaver said: "I gladly confirm the statement I gave in praise of Doan's Kidney Pills. Doan's brought me a lasting cure."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Seaver had. Foster-McBury Co., Mfrs., Buffalo, N. Y.—Adv.

Announcing the
Graduation of

J. LLOYD READ

from the
**American School of Practipedics
of Chicago**

He learned all about the human foot, its construction, its ailments, its deformities, and how these may all be overcome by simple, but scientific means. He will be found at this store at all times, ready to examine the feet and give expert advice without charge. You are invited to call and consult him about feet or shoes.

This Means
Foot Comfort
For YOU

His education as a foot specialist has shown him that

There is a
Dr. Scholl
Appliance or Remedy For Every Foot Trouble

and he will gladly demonstrate, on your own foot, how the proper Scholl Appliance will make it possible for you to wear the stylish shoes you like without the slightest discomfort. He uses the same methods as the famous authority, Dr. Scholl, and employs the devices which Dr. Scholl invented. Come in and see for yourself. No charge whatever for his services. Everybody invited to get "foot-happy."

We Can't Break the News as Long as Sombdy Else Owns This Newspaper

To talk FEED as we should talk feed, is impossible. This paper gets so much an inch for space. To tell the story as it should be told would take every one of its numerous pages.

They would have to leave out the Balkan news and the bootlegging items. Society would be miffed and Mrs. Jones, who has just returned from visiting her sister-in-law at the county seat, would be mad.

So we'll go easy—and simply say that if you want FEED in the full sense of the word—quality in its most comprehensive form—value working with its coat off, call

THIS IS BICYCLE WEEK

Bicycling brings you closer to nature than almost any other mode of traveling. You can loiter along inviting paths or wend your way into every nook and interesting corner. This pretty scene on the Miami River in Ohio shows two youthful cyclists enjoying the beauties of nature while resting during a bike hike.

Charles Honey, from the north part of the county, was on the list of county seat callers yesterday.

Dr. A. M. Johnson of Concord was a Saturday caller in the city.

FOREIGN BORN ARE DRY LAW VIOLATORS

This Is the Opinion of United States District Attorney Knotts

Springfield, Ill.—By The A. E. Knotts, United States District Attorney, the United States are the greatest liquor law offenders in the opinion of U. S. District Attorney Edward C. Knotts of this city. "In this district," Mr. Knotts said, "approximately 90 per cent of the prosecutions for violation of the national prohibition act were against foreigners from Central and Southern Europe. About half of them had not been naturalized."

"They proceeded on the theory that since this is a free country, they may drink as well as eat what they please; and also that if they get into trouble for making or using intoxicating liquors, the officials will be indifferent or lenient. They infer this from the fact that local officials generally have been so with reference to liquor legislation for many years."

"We have lately put a considerable number of this class of law breakers in county jails and sent some to penitentiaries for violating the national prohibition act. In each instance the defendant acted as the shocked beyond expression."

"The fundamental difficulty in enforcing the national prohibition act, in my opinion, is the fact that local officials by their indifference lead the average ignorant foreigner to believe that the prohibition act is simply the old system under a new name."

ROLAND III.

Pure Bred License No. 411

Owned by J. W. Wallace, Chapin, Ill., bred by D. Augustine, Carlock, Ill., and is recorded in the Percheron Society of America as a Pure Bred. His number is 78234. Color and description—Black gray, weight one ton, and is 17½ hands high with good bone and all that goes to make up an extra good stallion. This horse's colts have never failed to get in the ribbons at our show. His sire, Roland 42911 won first for 3 straight years at State Fair and once at the National. His dam Coquette 50404 won where ever shown and sold at an old age at big money, so you see he is as good a bred horse as there is in the state. Roland III was formerly owned by H. O. Smith of Chapin, Illinois.

Dictator, Jr. No. 16160

Jack. Color, black, white points. Foaled Aug. 17, 1913. Height 17 hands, girth 72, and bone 8½ in. This Jack is a Hannibal & Brigham bred Jack. This Jack can show as good mules as I ever saw any place and is as sure as any Mammoth Missouri Jack

Don, No.—

This Jack is a smaller one than the one above. He is black with white points, good in bone, ear and a good foot.

The above animals will stand the season of 1921 at Wallace Fruit Farm, 2 miles northwest of Chapin. Phone, call Chapin. Terms, \$15.00 to insure living colt. Colt to stand good for service dues. Service money due when colt is foaled or when mare is traded, sold or leaves the community. Not responsible for accidents.

Just have a look at them and see for yourself.

"Prevention better than cure" applies to battery ills, too!

Get that examination NOW

IN spite of the old proverb, it IS sometimes too late to mend. When plates are buckled and terminals are corroded through neglect or unusually hard service, there is little left for the battery-man to say but "New battery". Don't let it get that far. Drive around today to the Prest-O-Lite Service Station and have a thorough examination made. Some trifling fault may be uncovered now that may result disastrously if not remedied.

Anyhow, find out. That's what Prest-O-Lite Service Stations are for. You will get courteous treatment and, what is even more important, honest advice.

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery. Get that examination now

INDEES LOSE FIRST GAME OF THE SEASON

Hand Game to Roberts Brothers Springfield Team After Having It Won — Battery Errors and Loose Fielding Responsible.

Frank Smith's Indees lost the opening game of the season to Roberts Brothers team of Springfield at South Side Park Sunday afternoon, the final score being 6 to 5.

It was a game marked by erratic hurling by the hurlers of both teams, except Chestnut who pitched a creditable game after he relieved Morton.

The Indees had the game won up to the sixth inning by a score of 5 to 2. Then Springfield made two runs coming within one of tying and in the next inning scored two more putting them one to the good.

Both teams showed the lack of practice, the Springfield played without an error. The locals had six misplays, some of which were costly. Grady and Clark both caught good games and Clark belted the pill hard but nearly always right at somebody. However, such hitting as he is doing is going to get started to fall in safe spots before long and should win a lot of games for the locals.

Sims and Morton started the hurling. Neither had much control and Chestnut relieved Morton in the second inning with three men on base and one out. Sims retired in favor of Hamm at the end of the third inning. However, he had not been hit hard and was going better than at the opening of the game, though his arm was hurting him.

Springfield started off in the first with two runs without a hit. Two bases on balls, a wild pitch a muffed fly and a batter hit was responsible.

The Indees made one in their half of the first on two bases on balls, a sacrifice, a stolen base and a single.

Two walks, a wild pitch and a single scored two in the second. A batter hit, a sacrifice, a stolen base and Wheeler's double scored two in the fourth. That was all for the Indees tho Christopher singled and got to third in the eighth but died there.

Springfield looked to be beaten as the locals were holding them scoreless. However, in the sixth an error, a batter hit, two stolen bases and a single scored two runs. In the seventh, a walk, a single and a double and two fielder's choices scored two more and won the game. The score: Springfield—A. B. R. H. O. A. E. (Hackett) by Hamm, (Chestnut) by Chestnut, (Cox, DeFries); wild pitch Sims 1, Hamm 2, Chestnut 1; passed ball, Clark; double play Cox to Christopher; Grady to McHugh; time 2 hr. 30m, umpire Ely.

PIZZA TONIGHT "THE ITALIAN" with GEORGE BEBAN

PITTSBURGH WINS OVERTIME GAME

St. Louis, April 25.—Pittsburgh finished fast today and aided by errors by Hornsby and Fournier, defeated St. Louis, 6 to 5, in ten innings in the opening game of the series. Tierney's single in the ninth with one out started the visitors towards the tying run and his single in the tenth drove in Cutshaw with the run that proved the winner. Clemons was ordered out of the game in the ninth by Umpire Moran for disputing a decision. Pitts. . . 000 000 112 2—6 11 1 St. L. . . 210 001 000 1—5 13 2

Carlson, Glazner, Ponder and Schmidt; Perlica and Clemons, Dillhoefer.

PHILADELPHIA WINS FIRST GAME OF SERIES

Philadelphia, April 25.—Lebourveau's single in the eighth, scoring Wrightstope and R. Miller, gave Philadelphia the first game of the series with Boston today, 7 to 6. Until this point the Braves led by the margin of five to four. Meusel knocked his fourth home run of the season in the second inning. Score: Boston . . . 001 040 001—6 9 3 Phila. . . 021 100 03x—7 13 3

Watson, Oeschger and O'Neill; Ring, Weinert, Keenan, Betts and Bruegy.

RUTH MAKES HIS FIFTH HOME RUN

New York, April 25.—Splendid pitching by Carl Mays was offset by wretched support and Washington defeated New York today, 5 to 3. Ruth made his fifth home run of the season against the roof of the right field stands in the first inning. The score: Washington . . . 000 000 032—5 4 0 New York . . . 100 200 000—3 5 7

Batteries: Johnson and Kleinich, Garity; Mays and Schang.

Mrs. Elizabeth Dougherty, of Chicago, whose engagement to August Herrmann, President of the Cincinnati Baseball Club, was announced recently. Mrs. Dougherty, a widow, and Mr. Herrmann, who is 61 years old, have been friends for some time.

CHICAGO DEFEATED CINCINNATI 3 TO 2

Cubs Bunched Hits in the Sixth and Scored Three Runs—Batting of Terry and Duncan and Daubert's Playing Featured the Game.

Cincinnati, April 25.—Chicago bunched five hits in the sixth inning, scored three runs and defeated Cincinnati today, 3 to 2. Martin kept the hits well scattered, and was given great support in the pinches. The batting of Terry and Duncan and Daubert's work at first base were interesting features. Score: Chicago: A. B. R. Take It In Time!

DO you know that by far the larger number of the common ailments of women are not surgical ones; that they are not caused by any serious displacement, tumor, growth, or other marked change?

DO you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?

DO you know that many women and young girls suffer needlessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and develop into something serious.

If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.

The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restorative, relieving the present distress and preventing more serious trouble.

Why not give a fair trial to this medicine

COBB OUTGENERATED BY MANAGER SPEAKER

Detroit Manager Started Right Hand Pitcher But Replaced Him By a Left Hander Causing Speaker to Shift His Lineup.

Cleveland, April 25.—Cleveland defeated Detroit today, 5 to 3. Manager Cobb tried to outguess Tris Speaker by starting Sutherland, a right hand pitcher, causing Speaker to use his left hand batting shift. After Sutherland pitched to one batter, Cobb replaced him with Oldham, a left hander, whereupon Speaker substituted his right hand hitters. After the shift, Cobb sent in Middleton, a right handed pitcher but the game was won. The score: Detroit: A. B. R. H. O. A. E.
